Call notes from the last call: QA Team_30 June 2020

Agenda
Digital Square quarterly report by 15th July 2020.
- ○ Deliverables for Q3:
  - ■ Updated and expanded set of test cases in the automated testing framework published with the OpenMRS Github repository
  - ■ Final and revised Automated test roadmap (future-looking) for additional test case development published on OpenMRS wiki
  - ■ Completed (Final) documentation for developed test cases, testing framework, and development of test cases published on the OpenMRS wiki
- ○ Report template: OpenMRSQA_Global Good Quarterly Report_2020-07-15
- ○ Feedback:
  - ■ The approach being used to induct the community is so far good.
  - ■ Whose responsibility will it be to develop the test cases?
  - ■ What does it take to do the automation?
- ○ Culture shift
  - ■ There is a need to have tangible results.

Digital square presentation: tentatively to be on 9th or 10th July -
- ● Delayed for Jen's return
