Character
Personality: Meek and soft spoken.
Quirk: <i>*speaks in lowercase and no punctuation and encloses everything in astericks*</i>
Backstory: Your name is REVARK FRITAN. You live in a SMALL HUT on a tiny island off the coast of HAWAII with your TIGERSHARKLUSUS. Normally, you would still be living in your mansion on ALTERNIA, but after a PRETTY NASTY SPAT INVOLVING PIRATES,

you fled to Earth to save yourself and your Lusus. You dream of becoming a SEADWELLER, of being able to leave your tiny island, along your TIGERSHARKLUSUS. The Lusus has a nasty habit of eating every living thing in its path. Despite sustaining itself on SEADWELLINGLUSI', there still was always the chance that it would grow bored of caring for you, and have you as a small snack. This possibility is even worse considering that there's barely enough game for it on Earth. And by the way, please don't ask about the scars. (scroll down below relationships)

Looks: Horns are perfectly straight except at the very end, where they curl back to his head. Tends to have his arms crossed. Wears a white tanktop and some baggy shorts. He has some scars on his neck, they look self-inflicted.

## Relationships

Daemus Nyctim: the first	This guy wants to kill you. Badly. He's the reason you're on Earth in place.
Amaryn Sirvel:	A cool internet buddy you met on trollian! She's awesome! You never actually met in person, but it's not like she's anyone bad, like the morail of that guy you pissed off. That would be silly.
Akolit Ameiza	((Placeholder))
Vorpas Jabwak	He wants to eat you. You really don't know why. TIGERSHARLUSUS said that Vorpas tried to trap and kill him when you first visited Rouge. He failed.
Rouge Sinna to	Your best friend. When your TIGERSHARKLUSUS brought to her hive warn you of her lusus, she ended up inviting you inside for cake. You kind of miss her.
Piirst Cybele nice	One of Rouge's friends. You don't really talk that much, but she's still you guess? She creeps you out a little to be honest.
Jack Mundee	No idea who this is. You don't talk to humans.
Rrobin Mamarr	((Placeholder))
Iallta Aburso	She helped get you to Earth after offering her your ancestral spear. In

exchange, you destroyed her transportalizer. Not exactly the nicest thing to do, but you're pretty sure she was going to sell you out sooner or later.

Ancestor thing:

Revark's ancestor was a purpleblood who shunned the subjugators. He preferred to do his killing on his own, and he did it quite well. There are many stories of how he ravaged entire villages, killing all but one to pass on the tale. He got a following of killers and the like, TigerSharkDad among them. That's the reason he ever accepted Revark as his caretaker instead of just eating him. Sharkdad also marked Revark with a scar on his back (Meant to resemble the wounds the ancestor had taken once he had finally fallen at the hands of a particularly determined gambliant.)

Now, Revark doesn't like this. At all. He views his ancestor as a psychopath, not a "violent artist" as his followers say. He especially doesn't like how Sharkdad tries to comb him into another killer.

(Sharkdad doesn't inform any other followers of Revark, to "keep it all to himself")
