

This is the year you have been waiting for...

“2026”

"To Do" List For January

1. Search and apply for scholarships

PLEASE CHECK THE SCHOLARSHIP LISTS ONLINE (on the [Guidance Website](#)). Most scholarships have deadlines that are extremely important to meet. Remember to especially check out the local scholarships. **All scholarships have been updated as of 1/22/2025.**

It is YOUR RESPONSIBILITY toward your college expenses.

2. Search and apply for jobs (if not attending college)

Go to my Guidance Website, YouScience, Ohio Means Jobs, Indeed, and PutnamCountyWorks.com for jobs in the area. There are TONS of great jobs out there that do not require a college degree.

3. Complete your Career Passport (graduation requirement)

You will be completing your passport in English class (or you may have completed thus far). Whatever the case, I will be storing them until the Senior Awards Banquet, at which time you will each be presented with this document. If you would like to use it prior to the honors banquet for any type of interview (job, college, or scholarship), please do not hesitate to ask!
