Yellow highlights indicate the exact values you can change.

Please keep an eye out for gray notes - these are customization notes.

Colors: (all colors are changed in this list)

```
:root {  
  ...  
}
```

To change the headphones icon, locate the following:

```
<i class="headphones" data-feather="headphones"></i>
```

1. Go to [this](#) site
2. Pick an icon you want, copy the name, and paste it in the highlighted field.

To insert a new song to the list,

change all '1's to '2's (or 6 to 7, etc)

For every song, the number has to be the same so don't leave any out!

```
<!---START ONE SONG--->  
<div class="one-song s1" onclick="javascript:toggleAudio1();">  
  <div class="music-controls">  
    <div class="playy1">▶</div>  
    <div class="pausee1">■ ■</div>  
  </div>  
  <div class="song-title">Alien Manifestation (Instrumental)</div>  
  <div id="music-duration"><div id="d1"></div></div>
```

```
<audio id="song1"
src="https://dl.dropboxusercontent.com/s/8zjel6mksgxw584/Alien%20Manifestation%20%28Instrumental%29.mp3" type="audio"></audio>
</div>
<!--END ONE SONG-->
```

All you need to do after that is

1. Change the song title name
2. Upload your own song. Tutorial [here](#)

Notes:

- Song duration is automatically generated
- A scrollbar will automatically appear if you the number of songs exceeds your window height
- Maximum no. of songs is 30
