

2020 NCS - Ward 4 - suggestions for improving Wasson Way

- I just recently found out about the trail but haven't gone yet
- I know of it but not even sure where it is in Norwood. I would visit out parks every week but the last two times I attempted to go to the park there was drug activity and prostitution. I had to put the kids in the car and leave quickly
- I love Wasson Way. I'd love to see some more improvement along the trail either on our side of the trail or the other. It's a prime spot for bars, restaurants, coffee. It could look like the downtown Loveland part of the Little Miami Trail. I see a ton of potential.
- If I could walk to it from my house! But I don't live close - I love it otherwise!
- If there were a closer connector.
- Longer trail
- Parking
- Think I'll use it more once the weather warms back up. Very nice.
- If it was actually finished I would use it routinely
- I am not interested in Wasson Way.
- Norwood community events at WW trail
- I've never heard of it! I will now research it. I love the outdoors and recreational areas.
- My daughter and Husband use it. They said it was pretty dirty (garbage)
- Feeder trails to north Norwood.
- More trees, more murals or artwork along the path
- I've been wanting to check it out. If it were possible to bike there without going on busy roads, I'd love that but I'm not sure that's possible from where I live
- Will use it more when it's nicer weather
- I have no issues with Wasson way. I just prefer to hike in the woods
- More time
