PEDAL RUBBISH BIN

For a pedal rubbish bin all you need to do is put your foot on the pedal to open it.This not much of a machine but it is used for things and has a system.

A pedal bin is a type of rubbish tin that you open using your foot. You would usually find it in the kitchen.It look's like a big cylender with a pedal that open's it and is mostly found colored red. It is made of metal or plastic.
