

PEDAL RUBBISH BIN

For a pedal rubbish bin all you need to do is put your foot on the pedal to open it. This is not much of a machine but it is used for things and has a system.

A pedal bin is a type of rubbish bin that you open using your foot. You would usually find it in the kitchen. It looks like a big cylinder with a pedal that opens it and is mostly found colored red. It is made of metal or plastic.
