

Horror Tales
داستان های ترسناک
(com.imanloo.romantarsnak)
Privacy Policy

Effective date: 28 July 2025

This privacy policy is meant to comply with your rights under law, and to ensure that you receive adequate information about how your information is collected, processed, conveyed and deleted. We acknowledge that our app ([داستان های ترسناک](#)) is meant for young children; and as we are aware that they cannot understand legal documents, we request that you provide your consent as the legal guardian of your child.

How Do We Collect and Process Your Information?

We understand the importance of our users' personal information, and more importantly the information pertaining to children under 13 years of age. "[Horror Tales](#)" does not collect any personal information from users. This app is a safe and secure environment that family members of all ages can enjoy.

We may receive your non-personal data indirectly from the following Third-party analytics or advertiser's providers. These third parties do not share your user data; they are used to support the operation of our apps and they are all COPPA compliant. (respective privacy policies are noted below):

Google Play Services

AdMob

Cookies

Cookies are files with a small amount of data that are commonly used as anonymous unique identifiers. This Service does not use these "cookies" explicitly. However, the app may use third party code and libraries that use "cookies" to collect information and improve their services.

Why Are Children So Special?

Your children are special and important. The law provides them with greater protections than adults, which includes their right not to have their personal data used for marketing purposes, and that they may delete this data at any time. It also grants them the right to not be subject to data collection without their specific consent. While under some jurisdictions, the collection of a child's personal data is not conditioned on consent, we take the harsher approach and apply this condition to all jurisdictions.

Changes To This Privacy Policy

We may update our Privacy Policy from time to time. We will notify you of any changes by posting the new Privacy Policy on this page. We will let you know via email and/or a prominent notice on our Service, prior to the change becoming effective and update the "effective date" at the top of this Privacy Policy. You are advised to review this Privacy Policy periodically for any changes. Changes to this Privacy Policy are effective when they are posted on this page.
