

Privacy Policy for Znapper

Last updated: 30/07/2024

EnrichLabs ("we," "our," or "us") values your privacy and is committed to safeguarding your personal and non-personal information. This Privacy Policy outlines our practices regarding the collection, use, and disclosure of information when you use our Android application ("App"), available on the Google Play Store. By using the App, you agree to this Privacy Policy. If you do not agree, please do not use the App.

1. Information Collection and Usage

a. Personal Information

We do not collect any personal information from users. Personal information includes, but is not limited to, data such as your name, email address, phone number, and other contact details.

b. Non-Personal Information

We do not collect any non-personal information from users. Non-personal information includes, but is not limited to, data such as device information, usage data, and location data.

2. Data Handling and Security

As we do not collect any personal or non-personal information, we do not engage in any data handling, processing, or storage. Consequently, there are no data security measures or retention policies applicable to user data.

3. Third-Party Services and Links

The App does not use third-party services that collect data. Additionally, if the App contains links to third-party websites or services, we are not responsible for the privacy practices or content of these third-party sites. We encourage you to review the privacy policies of any third-party sites you visit.

4. Children's Privacy

Our App is not designed for children under the age of 13. We do not knowingly collect personal or non-personal information from children under 13. If we become aware that we have inadvertently received such information from a child under the age of 13, we will take appropriate steps to delete it.

5. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. Any changes will be reflected on this page, and the updated policy will be effective immediately upon posting. We encourage you to review this Privacy Policy periodically to stay informed about any changes.

6. Contact Us

If you have any questions or concerns about this Privacy Policy or our practices, please contact us at **hello@enrichlabs.io**.

This Privacy Policy is available on our website at [Active URL] and within the App. It is non-editable and publicly accessible, ensuring compliance with Google Play's policies. This document clearly states that our App does not collect any user data, either personal or non-personal, and includes a contact method for privacy inquiries.
