Pandemic-EBT (P-EBT) is a special food benefit authorized by the federal coronavirus bill. It's available for **all** Boston Public Schools and Charter School students who were receiving free and reduced-price school meals while schools are closed. For more info, [click here](#).

- If families currently receive SNAP benefits, the P-EBT will be added to their cards.
- If families aren't enrolled, they will get cards sent to them in the mail.
- Using P-EBT benefits does not impact any adult or child's immigration status, and the Public Charge rule does not apply to P-EBT benefits.
- If families have questions about P-EBT, SNAP, WIC or other food resources, they can call Project Bread's Hotline at 1-800-645-8333. They can also contact the city's Office of Food Access at 617-635-3717 or by email at food@boston.gov.

Headstart

There are no immigration status requirements to be eligible for Headstart. There are income limitations. For more information, [click here](#).

Housing

City of Boston:

- [Rental Relief Fund](#) (Covid-specific)

State housing programs:

- State public housing
- Massachusetts Rental Voucher Program (MRVP)
- Alternative Housing Voucher Program (AHVP)
- State-funded multifamily (privately owned subsidized) housing
- Residential Assistance for Families in Transition (RAFT) - provides financial assistance that can only be used for housing related expenses.

Some federal multifamily (privately owned subsidized) developments:

- Housing Opportunities for Persons with AIDS (HOPWA)
- McKinney Homeless Programs (except for the McKinney Section 8 moderate rehabilitation program)
- Shelter Plus Care Supportive Housing
- HOME Rental Assistance
- Low Income Housing Tax Credit properties (unless there are other housing program rules for the property restricting immigrant eligibility)

EA Shelter

There are immigration status requirements for EA shelters. Most individuals without documents are **not** eligible for EA shelters, but if there is a family member with a qualifying status (citizen, LPRs, PRUCOL, or pending asylum or VAWA petition) then the family is eligible (meaning anyone within the family unit may stay in the shelter regardless of his or her immigration status).

Boston Community Support Network: We need mutual aid because our local and national governments are not prepared for crises (nor do they necessarily have our interests in mind) so we need to be – not to incite fear but to be local insurance, to care for our nervous systems by leaning into each other.
