

Purdue Engineering Student Council
Spring 2026 New Member Application

Completed applications are due no later than:

Thursday, January 15th, 2026 at 11:59 PM EST

Please submit short answers as a PDF titled **LastName_FirstName_PIN.pdf** and a headshot as a JPG titled **LastName_FirstName_PIN.jpg** to the following form:

<https://forms.gle/dUWqPYyMEtHa4trs6>

New member interviews will be held in person on:

January 19th, 2026

Applications must be typed and submitted using the above form. It is important that you provide truthful answers that represent your views and personality so that we can get to know *you*. Applications will be reviewed by the PESC Executive committee and **an interview schedule will be released on Friday, January 16th, 2026**. The time and location of all interviews will be included in the schedule. The dress for interviews is ***business casual attire***.

This semester, only applications from **freshmen** will be considered.

We wish you the best of luck and appreciate your interest in PESC!

Carter Holbrook, Kaitlin Stephens, Connor Kirkendall, and Paige Bryan

Major / Intended Major:

Background Information

1. How did you hear about PESCS?
2. In bullet form, list any awards or honors you have received, including significant high school achievements.
3. In bullet form, list any campus, community, and high school activities, including leadership roles, in which you have been or that you are currently involved in. If the activity is current, please indicate how many hours per week you devote to it.

Short Answer Questions

Please be honest in your answers and help us get to know you.

*The PESC website - **www.purdueesc.org/committees/** - contains information about our events and committees that may be helpful when answering.*

1. Explain a time when you attempted to implement a new idea or event within a team or organization. Focus on the strategies you used, and please elaborate on how you reacted to any conflicts you experienced. *[400 words recommended]*
2. What made you pursue engineering and what do you hope to gain out of your engineering degree, both academically and personally? *[200 words recommended]*
3. Describe a time in which you have promoted diversity in your own community and explain how you will foster a positive and inclusive environment on campus. *[250 words recommended]*
4. Describe what you have to offer PESC as a new member. What new events, activities, or programs do you think the Purdue Engineering Community needs or would benefit from? *[300 words recommended]*
5. PESC is a group of tight-knit students who push each other to become better individuals in all that they do. What do you hope to gain personally from your involvement in PESC? *[250 words recommended]*
6. Excluding what you have previously described in this application, tell us anything about yourself that is unique, interesting, embarrassing, etc. :)
