*It hasn't been the same since that night
I wish I said I loved you just one more time
I try to figure out how to make it right
Now I don't know where to go from here*

*But I know I'm a mess,
When we're not together
Such a wreck,
I hope it's not forever
Will I see you again?
I wish it was me and you 'til the end...*

*And I know that I have my issues
The less we talk, the more I miss you
I die just a little,
And slippin' closer to the edge
I hear your voice, it's in my head
But you're gone again*

Time goes by a little less slowly when I'm out my mind
Thought you said, "I need you more than ever"
So why'd you have to hide?
I need you more than ever
Don't let me die
I need you more now
If I could tell you how I feel
I know that you're still hurting too
No, I'm not broken
I'm just scared to belong here, scared to be happier

Take my heart
And put it on a wall right next to
All your scars
I thought you said you need me more than ever
So why'd you have to hide?
I need you more than ever
Don't let me die
I need you right now

*I've seen hell rise out of your eyes
Creep up at night to your demise
You've gotta fight, I've gotta fight
Been thinkin' that I need isolation
All this devastation
Head needs renovation, alright
If you had to choose, would you ever let me go?
I can't stop the monster, I'm losin' my control,
Could someone please, save my life?
'Cause I've gone cold
And I'm stuck in the abyss all on my own*

*In the world of normal people, I'm a monkey
It's painted on their faces that they think I'm a junkie
In the way that I dress
The people I bed
The way I express
The things in my head
I don't go to the bar
I sit in the dark
I smoke a cigar
I play the guitar
I stay in my house
I put on my sounds
The neighbors tell me to turn it down, so
I'm not gonna go out today
I gonna sit right here and wish the world away
'Cause I'm a lowlife,
I don't care if the people stare
I'm gonna stay right here in my underwear
'Cause I'm a lowlife*

Does Heaven have a dealer?
Do they sell the love for cheaper than in Hollywood?
As hell is gettin' colder,
I don't plan on gettin' older in this neighborhood
I've seen the sunset rise through dilated eyes,
but I can't keep this goin'
So when the sunrise sets and the beat has left my chest,
I think it's worth knowin'
When we die, tell me, can we still get high?
If you fall far too deep
Lose yourself in your new life
Head over heels for your new eyes
Let's name-change, you're a new wife
I wanna know, do you still keep your promises
And make your time for me?
I have a prophecy, I think you're immortal,
It's a sight to see
When you come back to me, I won't hold it over your head
To escape the realities
