

Year 8: Music

Make a Poster About a Musician, Band, or Artist You Admire

Create a poster about a musician, band, or artist you admire. Think about what makes this artist special and what you find inspiring about them. Your poster should include basic information about the artist, like their name, music style, popular songs, and any interesting facts about their career or personality. You'll also write a few sentences about why you personally find them inspiring. When you're done, upload your poster to Google Classroom.

Guidance/key questions to ponder:

- What do you like most about this artist? Is it their music style, lyrics, or personality?
- How does their music make you feel? Does it remind you of anything, or does it help you express your own feelings?
- Are there specific achievements or qualities that make this artist stand out?
- What message or feeling do you want your poster to show? Think about colors, images, and words that match their style.

How should they communicate with school when task is complete?

Share your creation with your teacher or upload it to Google Classroom.

Remember to record your completion of this task on UniFrog.
