### **514 BULLYING PROHIBITION POLICY**

#### **I. PURPOSE**

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The charter school cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of charter school personnel. However, to the extent such conduct affects the educational environment of the charter school and the rights and welfare of its students and is within the control of the charter school in its normal operations, the charter school intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the charter school in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

#### **II. GENERAL STATEMENT OF POLICY**

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited:
  - 1. on the charter school premises, at charter school functions or activities, on the charter school transportation;
  - 2. by the use of electronic technology and communications on the charter school premises, during the charter school functions or activities, on the charter school transportation, or on the charter school computers, networks, forums, and mailing lists: or
  - 3. by the use of electronic technology and communications off charter school premises to the extent such use substantially and materially disrupts student learning or the charter school environment.
  
- B. A school-aged child who voluntarily participates in a public charter school activity, such as a cocurricular or extracurricular activity, is subject to the policy provisions applicable to the public charter school students participating in the activity.

C. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the charter school or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in charter school functions or activities or receive charter school benefits, services, or privileges. This policy also applies to an act of cyberbullying, regardless of whether such an act is committed on or off charter school property and/or with or without the use of charter school resources. This policy also applies to sexual exploitation.

D. Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, and other charter school staff.

Malicious and sadistic conduct and sexual exploitation by a charter school or charter school staff member, independent contractor, or enrolled student against a staff member, independent contractor, or student that occurs as described in Article II. A above is prohibited.

E. No charter school staff, volunteer, or contractor shall permit, condone, or tolerate bullying.

F. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.

G. Retaliation against a victim, a good-faith reporter, or a witness of bullying is prohibited.

H. False accusations or reports of bullying against another student are prohibited.

I. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the charter school's policies and procedures, including the charter school's discipline policy number 506. The charter school may take into account the following factors:

1. The developmental ages and maturity levels of the parties involved;

2. The levels of harm, surrounding circumstances, and nature of the behavior;
3. Past incidences or past or continuing patterns of behavior;
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including a reflection day and/or expulsion. The charter school shall employ research-based, developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the charter school, and foster student, parent, and community participation.

Consequences for charter school staff who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but are not be limited to, exclusion from charter school property and events.

- J. The charter school will act to investigate all complaints of bullying reported to the charter school and will discipline or take appropriate action against any student, charter school staff, volunteer, or contractor who is found to have violated this policy.

- A. Any person who believes they have been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate charter school official designated by this policy. A person may report bullying anonymously. However, the charter school may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The charter school encourages the reporting party or complainant to use the report form available from the office manager of each building or available in the charter school office, but oral reports shall be considered complaints as well.
- C. The site Climate and Culture Committee is responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a charter school human rights officer or the charter school board chair. If the complaint involves the building report taker, the complaint shall be made or filed directly with the charter school board chair or the charter school

human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good-faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The charter school will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the charter school's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

## **V. CHARTER SCHOOL ACTION**

- A. Within three school days of the receipt of a complaint or report of bullying or other prohibited conduct, the charter school shall undertake or authorize an investigation by the building report taker or a third party designated by the charter school.

- B. The building report taker or other appropriate charter school officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the charter school will take appropriate action. Such action may include, but is not limited to, warning, reflection day, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. Charter school action taken for violation of this policy will be consistent with the requirements of applicable work agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy number 506 and other applicable charter school policies; and applicable regulations.
- E. The charter school is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the charter school. Charter school officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the charter school shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

## **VI. RETALIATION OR REPRISAL**

The charter school will discipline or take appropriate action against any student, charter school staff, volunteer, contractor who commits an act of reprisal or who

retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes but is not limited to any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

## **VII. TRAINING AND EDUCATION**

- A. Consistent with its applicable policies and practices, the charter school must discuss this policy with students, charter school staff, and volunteers and provide appropriate training for all charter school staff to prevent and respond to prohibited conduct. The charter school shall establish a training cycle for charter school personnel to occur during a period not to exceed every three school years. Newly employed charter school staff must receive the training within the first year of their employment with the charter school. The charter school may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on charter school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.
- B. The charter school shall require ongoing professional development, consistent with Minnesota Statutes section 122A.60, to build the skills of all charter school staff who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. 1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
  2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
  3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in the charter school;
  4. The incidence and nature of cyberbullying; and

5. Internet safety and cyberbullying.
- C. The charter school annually will provide education and information to students regarding bullying, including information regarding this charter school policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
  - D. The staff of the charter school is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
  - E. The charter school staff is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in the charter school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The charter school staff must establish strategies for creating a positive charter school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The charter school staff is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive charter school environment;
2. Partner with parents and other community members to develop and implement prevention and intervention programs;

5. Teach students to advocate for themselves and others;
6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and

7. Foster student collaborations that, in turn, foster a safe and supportive charter school climate.

Such programs may offer instruction on character education, including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.
- G. The charter school shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The charter school may accomplish this requirement by including all or applicable parts of its protection and privacy of pupil records policy number 515 in the student handbook.
