District 8 - Al Austin - district8@longbeach.gov
District 9 - Joni Ricks-Oddie* - district9@longbeach.gov

**on Budget Oversight Committee*

Points to emphasize

- Appreciation that the City initiated and funded the Community Crisis Response Pilot
- This is a critical city service that is needed in every district of Long Beach
- Please prioritize finding permanent funding for this program
- You will be tracking the future of this program and voting!

Federal Government - Contact Senator Alex Padilla

www.padilla.senate.gov/contact/contact-form/

Points to emphasize

- You understand Senator Padilla recently met with members of the Long Beach Health and Human Services Department to learn more about the Community Crisis Response program in Long Beach
- This is a critical service for the City and we need to find permanent funding to continue and expand the program to every district in the City.
- As a Long Beach resident and California voter, you strongly support the request that Sen. Padilla made to include funding for the program in the FY25 Subcommittee on Labor, Health and Human Services, Education and Related Agencies Appropriations Bill.
- Any federal support that can help secure permanent funding for this program would be a huge win for Long Beach and for California.
- Thank you for supporting Long Beach and helping to ensure the future of this vital public program!
