

“FREE NOISE” #2

Free Noise #2 is an open mic that will take place on June 27th 6:30-8:30pm at the Interference Archive. The evening will consist of music, poetry, and performance by queer, trans, and non-binary artists. The audio from the event will be recorded to cassette and will be uploaded to Bandcamp for free for all to listen! You can listen to Free Noise #1 [here](#)

There is a suggested donation of \$5 for attendees but the event is pay-what-you-can. 50% of proceeds will go directly to the Archive and 50% of the proceeds will go to G.L.I.T.S. aka Gays and Lesbians Living in a Transgender Society.

Now for the chart, here's some general info:

- Please arrive at 6:15pm!
- **SLOT #1 will start at 6:45pm**
- There are no times on slots because some people will take 1 minute, others 8-10 minutes (so just based on vibes)
- The “cool to share your stuff?” slot basically means: if someone needs something like a guitar and doesn’t have one, can they borrow yours?
- I filled out my slot below as an example!
