

Song title: Turn on the joy

piano, light drums

"Did you ever think of the trees, when the wind is a summer breeze."

"Have you ever seen the rain, when the sun is shining again."

"Oh here in this autumn fall, we see the leaves come down."

"But now it's winter and how, We will see snow on the ground."

Chorus: "So turn on the joy, Turn on the happiness."

"Turn on the joy, let it fill you."

Verse 2: "The night sky is singing aloud, telling us not to worry."

"The clouds will gather now, in somewhat of a hurry."

"Oh it'll be all right, no matter what you face."

"Let the sun rise, let the moon shine on your face."

Chorus: "So turn on the joy, turn on the good humor yeah."

"Turn on the joy, let it fill inside of you."

interlude

Verse 3: "Words cannot express a warm sunny day."

"Objects cannot explain away, the feelings of the rain coming down."

"Let this world of wonders, fill your heart and your mind."

"Let this place full of wonder, open the imagination of time."

Chorus: "So turn on the joy, turn on all the good times, yeah."

"Turn on the joy, Let it fill you."

"So turn on the joy, turn on all the good times yeah."

"Turn on the joy, let it fill inside you."
