COURSE DESCRIPTION

Advancement, Philanthropic Services, Major Donor Fundraising & Impact Investing

Are you responsible for raising money for your organization or increasing organizational revenue? If you knew you could get \$1M for your organization, or \$7M to solve your organization's mission at a larger scale, which would you choose? What if you could do both? Join Dr. Stephanie Griepne of Impact Finance Center for a 101 presentation targeted for major donor fundraisers, executive directors, or COOs of organizations -- whether they are in a university, community foundation, or a nonprofit -- to learn how they can expand their toolbox for raising money for mission and innovate the landscape of fundraising. Karen Eller of Impact Finance Center and Amanda Jachym from The Nature Conservancy, will lead a discussion with the audience about how to socialize impact investing tools with fundraising professionals.

Speakers:
 Dr. Stephanie Griepne, Founder and CEO, Impact Finance Center, CO Impact Days and Impact Investing Institute
 Karen Eller, Senior Advisor, Impact Finance Center
 Amanda Jachym, Director of Philanthropy, The Nature Conservancy
CO Impact Days Attendees:

If you attended CO Impact Days, please check your inbox for your discount code for this webinar. If you do not see it, please contact us at info@impactfinancecenter.org and we'll send you one.
