Notes:

This article is just an example for the Medical article template: Journal of Health and Medicine. The authors are expected to copy your writing according to this environment/template model:

- First change all the letters on the original article sheet with the BOOK ANTIQUA font model, 1.15 spacing, font size 12 pages, 15-25 pages
- The paper size used is A4, margins: top 3 cm, bottom 2.5 cm, left 3 cm, and right 2.5 cm.
- Copy to example/template and adjust the font size (in title, identity, and abstract) and spacing.
- Authors need to pay attention to writing techniques in the Journal's environmental style. *Medical : Journal of Health and Medicine* which can be accessed in OJS, especially the procedures for writing footnotes and bibliographies.

- Double check for typos, and double check the use of English in the Abstract as well as the use of standard Indonesian.
- The way to write footnotes is “Author’s name, title, publisher, city of publication, year of publication, page number”.
- Writing a Bibliography using Mendeley with the Chicago Manual of Style 17th edition style format (note).
