**\*What is the People Not Politicians MO campaign about**

- Missouri politicians passed an illegal gerrymandering scheme that is nothing more than an unconstitutional power grab.
- We believe that Missouri voters—not politicians—should have the final say.
- We have filed a citizen's referendum to gather signatures to put this unjust map before voters on an upcoming ballot.
- Missourians deserve representation that focuses on our families and communities, not advancing a specific partisan political agenda.
- Politicians shouldn't be slicing and dicing communities to pick their voters — voters should be picking their politicians.

- Gerrymanders take away voters' power and cause real harm to Missouri communities.
