Unit 4 (Nine Weeks): Thematic and Spring Concert

Curriculum-Based Assessments: Daily Interpretation of group performance, Sectional playing of excerpts, Questioning of the group throughout class, Performance Assessment in Lessons, Tests, Quizzes

Standardized Assessments: N/A

Description of Course:

Band 6 is a continuation of the concepts learned in the previous grade. We continue to explore the use of your instrument and how it is played at the appropriate grade level. Throughout the year, advancing techniques will be covered while each student regularly practices these new techniques. As the ability level of the musician progresses, we will play and perform music from many style periods, classical to more modern pieces, suitable for the grade level. With practice, each student will obtain a greater understanding of their instrument, thus maturing as a player. We will cover such topics as maintenance of the instrument, home practice skills, music terminology and spelling, ensemble and performance technique, and music appreciation.
