

Information about the author

1. Surname, first name:

Almagambetova Saule.

2. Position, academic degree, title:

candidate of technical sciences, docent (associate professor).

3. Education:

- Kazakh state university named after S.M. Kirov, faculty of chemistry, diploma B-I № 092603 dated June 28, 1977, specialty – "Chemistry", 1977;
- KazATC named after M. Tynyshpaev, specialty – "Economics and management in transport", 1997;
- diploma of candidate of technical sciences, GK № 0009248 from February 15, 2002, Higher Attestation Commission of the Ministry of Education and Science of the Republic of Kazakhstan, specialty 05.17.01 – "Technology of inorganic substances";
- attestate of associate professor of DC № 0000537 dated July 1, 2006, KNASON MES RK, specialty "Chemistry".

4. Area and directions of research, including participation in scientific projects with a brief description of the results of the study:

Field and directions of research:

- chemistry, corrosion of metals in neutral aqueous media.

5. List of the most significant publications (monographs, patents, developed standards):
