## November 29

### Hannah

- Prizegiving - once sportsman/sportswoman finalised, i'll start on these videos for prizegiving
- Academic Data sheet - emailed teachers to get it filled in asap. Running record data - testing the Y7&8 extension children + possibles this morning
- Kids@Work - how many is too many for PENN?? There are a huge number of children who have participated this year and I can't give all of them awards at prizegiving. Hannah to choose 3-4 movies. To show next **Friday 1st December**.

### Jackson

- Chrislyn
- Charter
- [Curious Minds Project 2024?](#) River Study? Garden irrigation? Ideas welcome
- [Genesis online science resources](#) Sharing with teachers en masse?

### Garth.

- Matrox dual head image splitter has died. I've ordered an alternative. See below. Delivery could be the sticking point.
- SEPE & New 5YA format
- Possible extension of Te Kapua TVs to 2x2. Not this year.
- Team 4 toilets' sewer pumps replaced and up and working.
- City contractors quote received for resurfacing of the bike track with all weather surface. Mark recommends concrete but the expensive option.
- Ka Oro Ka Ako, school lunches to continue in 2024. Agreement with MOE signed, signed off with Kiwi Canteen.
- Furniture refresh for Team 5
- "Cafe" outdoor seating for Teams 4 & 5, Term 4 design project
- Upgrading hall stage lighting to LEDs initial estimate quote prepared. Stage 1 estimate \$13,000. On hold..
- Graphic design with Ruapotaka on going. Designing Cyber Smart posters. (Manaiakalani) ongoing. Photo app: Colorcinch. Fiona back so will probably move to the next stage.

## **Mobile Live Stream of Field and Court Sports as well as assemblies etc for Manaiakalani Schools**

1. Is there a preferred "all in one" camera. I.e. Good zoom capability, good audio pick-up, inbuilt connectivity to school wifi through to Youtube. Note Gopro does the job via smartphone or iPad app but zoom is hopeless, battery life is bad.
2. [How about Panasonic-Lumix-GH5-II](#) will connect wirelessly via smartphone or network
3. If we have to go with a higher quality camcorder e.g. [Canon XA60](#) and then man in the middle with laptop or [Yolo Mini Ultra Portable](#) what are the Hackers' recommendations for camera & mim device. Should/could we use a Chromebook or iPad, school cellphone? Thoughts?
4. Whatever we come up with should work for Athletics, Cross Country, Field Sports, Court Sports, Outdoor Assemblies etc. It would be great to be "wire free" & be truly mobile.

## October 18

**Apologies: Jackson, Sally (will be back by morning tea)**

### Hannah

- Tech gear for 2024: New hard drive for archives 2024, SD cards (range of 4GB (small for photo cameras), 16GB, 32 GB and maybe 1-2 64GB).
- Tech gear for 2024: Do we need new vid cams or not? 3 of the canons are becoming faulty. Still have 4 fully functioning canons and 1 sony vid cams that live in CS + ones that Kent & Russell have. Possibly worth considering putting them out into circulation and then getting a few newer ones for CS?
- Tech gear for 2024: Still cams are still in great condition. No need for new ones?
- Tech gear for 2024: 2-3 new tripods - Best ones have a level. Manfrotto's that we have are good for point and shoot but not for filming film festival movies or anything where you want to pan. This looks good but really pricey! This looks similar to what we've previously had - much better price! This one is more middle range. Can we get one to look at and try out from PB tech?
  - Need to consider:
    - Ease of base plate (is this likely to go missing - will this be an issue or is it easily replaced?)
    - Ease of panning during filming

- Stability of legs
- Durability of moving elements
- iMacs?
- Movies for end of year to begin thinking about - Sportsman / woman of the year (to ensure I have footage of all the 'nominees')
- Presenters - Film Festival. Met with them yesterday. A few children missing. I have put it into PENN but will also do reminders at morning tea. Will do Y1-4 and Y5-8 separately. Team 5 are going to do their own practices and they will join the practices with me a week before. Reminder to teachers to get their children practising in their own classes too.
- BLAKE Virtual reality for year 5s. To sort with Sandy.

#### **Garth.**

- Shake Out this Thursday 10:50
- Furniture refresh for Team 5
- City contractors pricing resurfacing of the bike track with all weather surface. Mark recommends concrete.
- Ka Oro Ka Ako, school lunches to continue in 2024. On line meeting today.
- Film festival display art work. Hall spotlight for presenters' practices.
- "Cafe" outdoor seating for Teams 4 & 5, Term 4 design project
- Upgrading hall stage lighting to LEDs initial estimate quote prepared. Stage 1 estimate \$13,000 Hurrying slowly.
- Graphic design with Ruapotaka on going. Designing Cyber Smart posters. (Manaiakalani) ongoing. Photo app: Colorcinch.

# GOOD SPORTS SPINE®

The Good Sports Spine is a tool to help parents, coaches, teachers and sport administrators understand how they impact children's sport experiences. The two different 'climates' should be seen as opposite ends of a continuum. To support children to have positive sporting experiences, adults should aim to always fall under the Climate of Development.

## June 8

### Garth

- Weather tightness starting???? Possibly another 3 weeks. Starting with **Rms 13, 14 & 15** Mihimihi, RTLB office, Quick 60 and corridor. Q60 now moving to Rm 22 and Jennie C to 29 with SKIDS.

### Hannah

- Monday 27 June - KPMG? - same day as National MP, Erica Stanford coming. Is this OK? - Best to avoid if possible.
- Does tonight (Families @ PES) need filming?

Arts Term: What will it look like per team?

## June 1

## Garth

"I've been thinking."

Next term's theme, yet to be titled, is art & drama. With the Orange COVID restrictions being as they are and will possibly still be through the winter term, a school production is probably going to be a bridge too far. Sooo... "Tell Me a Story": a 'variety show' of dance and drama, in Te Kapua and an art installation in the hall.

## Hannah

- Nothing new here.
- Set up notes on staff meeting for Tuesday
  - Should people be getting onto Film Festival now to take the pressure off next term?
  - Idea of a 'variety show' - visual arts, drama, dance, music - could this be an alternative to Production? - Gives teachers choice.

May 25

## Hannah

- Blake-VR on Monday
- Classroom@KPMG - Term 4 - Wednesday 26th October
- Classroom@KPMG - This term and term 3? They can't do any Wednesday's (while I have extension). Could we do a Tuesday or Thursday?
- Samoan Language Week - next week
- Filming @ netball

## Garth

- Te Kapua PA "How to" instruction printed and tested. Next: tutorials for the interested.
- Netball depleted teams, augmented from available extras.
- Weather tightness closer to starting. Possibly mid June and starting with **Rms 13, 14 & 15** Mihimihi, RTLB office, Quick 60 and corridor.
- Ripper Rugby Y5&6 mixed, Blues curtain raiser. Date? Gabe & Zac.
- Yr 7&8 girls Football today. Zac and Timmi.
- Master Plan development. Any feedback from Monday Russell?

May 18

## **Hannah**

- Air con unit in creative space - to be serviced? Leaking water again.
- Ange - Tuakana Teina with Y1s - digital fluency.
- E-waste to be organised after sort in creative space.

## **May 11**

**Apologies:** Jackson

**Matariki:** June 22 **Night Show:** night sky projected onto the inside at Te Kapua, fireworks, kai (BYO + BBQ)

Daytime gig could be art in teams

Russell will check with Anth Samuels etc.

## **Garth**

- Te Kapua PA a couple of extras yet to be hard wired.
- Netball teams Snr opening night went well.
- Creative Space ceiling under repair but not a health hazard but roof has leak in heavy downpours.
- Weather tightness closer to starting. Possibly mid June and staring with Rms 13&14, Mihimihi, RTLB office and corridor.
- Yr 5&6 Baabaa's this Sunday, Gabe & Zac.
- Football: next Wednesday Sandy Yr 5&6 boys, Clarelle Yr 3&4 girls.

## **Hannah**

- Creative Space now functioning much better with CO2 levels, thanks to Gordon for putting new fans into ceiling. Leaking through ceiling still an issue!
- Rotoroa Island Programme (Term 4) - classes TBC. KPMG to help out as volunteers.
- Classroom@KPMG to start up again. Hoping for this term if we are keen for this?
- Videographers - permission slip for going to netball or just use kids I find down there?
- Y5/6 Extension projects -

## May 4

## Hannah

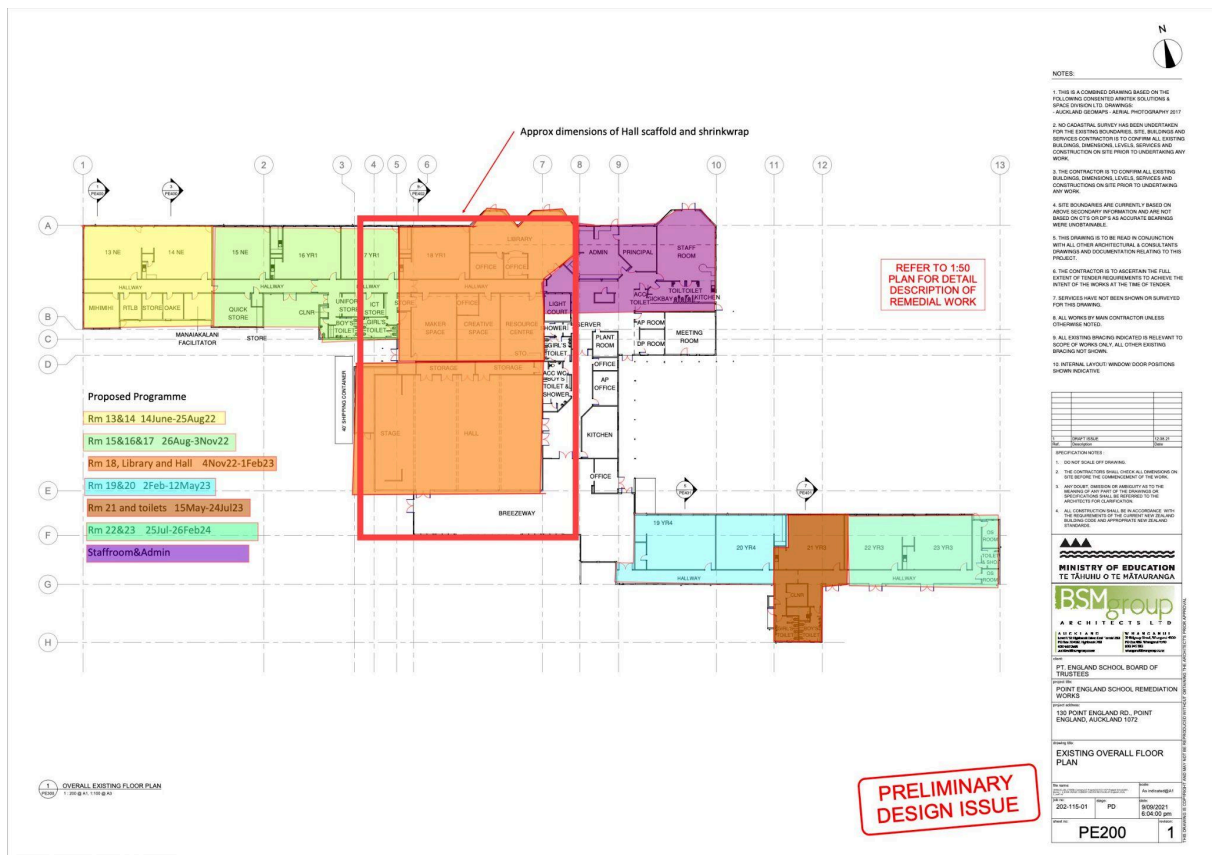

- Creative Space - what to do!?
  - Worst CO2 monitor reading was 1300 with Y5/6 extension & both air purifiers running, fan, air con running, door to resource room open and door to corridor working.
- Blake NZ-VR - Monday May 30th with Team 5 - Hannah to book hall
- Language Weeks starting up this term - what do we want to do for these?

## 6 April

## Garth

- Te Kapua PA speaker all weather covers currently being made
- Te Kapua toilets outside drains under construction
- Weather tightness closer to starting. Zoom meeting postponed to next Wednesday
- Wheels & Mufti Day. Suggest we open up the gate by room 11 and the gate between Whare Ako and Rm 28 so bikes etc. can get more easily around to and back from the front of the school as Te Kapua is not an option.
- Netball teams to be registered this week.
- Last day assemblies??

## Jackson

- . Tongan badges

## 30 March

### Hannah

- **Project Jonah:** Wednesday 6th April at 9am - presented by Amy Dent. The presentation will last approximately 45 minutes and there will be time for questions at the end.

Given we are in the Covid 19 protection framework red setting, there are a few changes we need to make to protect the students, staff and our presenters.

Please review the below options and pick an option that suits your school best.

- Presentation is delivered via Zoom by Amy.
- Amy presents to your tamariki outside in a shaded area.
- Amy presents inside a well-ventilated space to groups up to 200. If you have more than 200 students to present to, we can present multiple times on the same day. Please note this may require a date change so we can accommodate other school's requirements.

Just a friendly reminder that for indoor presentations, Amy will need a laptop with projector.

After the presentation, we will provide Project Jonah World of Whales Education Kit for you to keep so that you can continue exploring topics covered in the presentation with your class. We are looking forward to inspiring your tamariki with the wonders of the marine world.
