Mrs. Melanie Hefter

Daniel Boone Area School District

Douglasville, PA 19518

Dear Mrs. Melanie Hefter:

As a senior studying elementary education pre-k - 4, I was very excited to find your job posting on Indeed. I am looking to be considered to be hired as an elementary school teacher. I trust that I'm suitable for this position because I have the tools to create effective lesson plans that will engage every student. Each lesson plan will be flexible enough so I can identify those students who need more accommodations. Within those engaging lesson plans, the proper formative and summative assessments will be produced. My work is inclusive, interactive, entertaining, and determines the needs of my students. Some of the lessons I have created along with my many websites suited for kindergarten through fourth grade can be accessed through a QR code attached on my resume.

When I teach, I demonstrate proper knowledge of the material, and accommodations to individualize the lesson. I have had practice creating and presenting thoughtful lesson plans that are organized to the 2nd grade standards. Many of my lessons also include hands-on activities that let students work on fine and gross motor skills as well as learning based on experiences.

In a world filled with a great deal of technology, I like to include it in my lessons every day. It is a great learning tool for students. Technology increases engagement as a classroom community and facilitates personalized learning. Aside from technology, I feel students' social-emotional well-being is a huge part of how my students learn. My focus on social-emotional needs in my classroom benefits my classroom community. Students are able to focus on what is put in front of them versus feeling scared of what's to come.

I am qualified to be an elementary school teacher due to my understanding of a positive classroom environment, effective lesson planning, and assessments. I would greatly appreciate it if you would take the time to learn more about me by looking at my resume. My resume expresses my qualifications, achievements, and my creative websites. I want to thank you for your time and would be pleased to speak more about my education and what makes me the perfect candidate for this position. I look forward to hearing back from you.

Respectfully yours,

*Amanda Spaar*
