

Safety Technical Pre-Approval Form

1. Complete one form per category/routine. Fully complete all required fields and submit the form by email to **wsddja.st@gmail.com** as a **WORD FILE OR GOOGLE DOC ONLY**.
2. Label all files clearly with your **Team, Category, and Skill**. Attach all photos and documents in **Column A**. Video submissions must be provided as **UNLISTED YOUTUBE LINKS**. Provide a detailed description of the skill or costume being submitted for review in **Column B**. Be aware that costumes and music speed may affect officials' rulings on skills. Ensure privacy settings allow access to avoid delays in the return of the form.
3. After receiving a response, keep a copy for your records in the event the original is not returned. Print this form and present it to the Safety-Technical Judges at every competition—**this is the only proof of pre-approval**. Forms will be returned to you at the end of each competition. Reprinting is unnecessary unless the form has been updated.
4. **Pre-approval does not guarantee penalty exemption. While a skill or costume may be approved based on submitted media, penalties are assessed based on execution during the performance.** Errors in execution or costume issues may result in penalties.
5. Music submitted for pre-approval must be the exact edit used in competition. **Attach music lyrics with preapproval for review.**
6. **Submission timeline:** Forms are reviewed and returned **weekly by Thursday night**. Submit forms ASAP, and ensure all video links are functional. Late or inaccessible submissions may result in forms being returned the following week.
