Subject line: The best choice I have ever made...

Getting women's attention had always been a challenge for me.

I went on countless dates and movie nights still with no luck.

I had multiple dating apps installed on my phone, though did I feel that it merely was a waste of my time and energy.

Because my success rate with women was absolute garbage.

Of course, I had some successes, but definitely not ones to be proud of.

It was a mental game, and I knew it.

I started to try and figure out WHY I couldn't attract the women I wanted.

Was there something wrong with me?

Yes, turns out, that I simply lacked knowledge.

I didn't understand the psychology of women. But this was the single most CRUCIAL part of the game that helped me get the woman of my dreams.

Today I don't even have any dating apps.

I don't need them, the women come to me.

And I can thank @unlimitedknowlegde for that.

He has written the best ebook about women's psychology.

He helped me make DRASTIC improvements to my game.
