

Library Session Handout

Your Paper Topic:

1. Possible Search Terms for each unique concept of your topic

Concept 1:		OR		OR		OR	
AND Concept 2:		OR		OR		OR	
AND Concept 3:		OR		OR		OR	

Concept 1:

Concept 2:

Concept 3:

2. Go to <http://libguides.lib.rochester.edu/gsws> and use the terms you brainstormed above in **DiscoverUR Advanced Search** to locate at least one book or ebook relevant to your topic. Don't forget to **LOG IN** to see everything UR has to offer! (paste the article citations in the box below or email them to yourself)

Call number for the book if in print:

3. Now limit to scholarly journals articles in **DiscoverUR** to locate at least two relevant journal articles. Try searching your terms in **one of the recommended databases for finding journal articles on the GSWS Library Subject Guide** (paste the article citations in the box below or email them to yourself).

4. From the Citation Tracking box, use the **Google Scholar** or the **Citation Search Tool** to locate at least two relevant articles on your topic using the references lists for the articles found in your database search (paste the article citations in the box below or email them to yourself).

5. Use "cited by" in **Google Scholar** to locate at least two relevant articles that have cited any of the articles found using library databases or cited in the reference lists of those articles (paste the article citations in the box below or email them to yourself).

6. Revised Topic/Related areas to explore:

Can you narrow the demographics, geographic area, or to a particular theory/theories? Is there specialized language within the discipline/subdiscipline that you need to consider?
