

Myles Sweet

I'm reaching out for something, touching nothing's all I ever do. I
softly call you over, when you appear there's nothing left of you.

One of many JoJo's Bizarre Adventure S/Is because this series is long as hell. This one is shipped romantically with Steely Dan and N'Doul and platonically with most of the Agents of Dio.

Info

Name: Myles Sweet
Nicknames/Aliases: N/A
Pronouns: they/them
Occupation: Assassin

Likes: Coffee, animals, bright colors, spicy food

Dislikes: Being bothered, people who have it better than them, most sweets

Stand: Ballroom Blitz - a set of spectral boots and gauntlets that enhance Myles's physical prowess proportional to the envy they feel

“Dio's Savage Dog”, as they would be called by the narration in the anime and nowhere else.

They speak very little about their past, only mentioning that they were adopted as a teenager and are the oldest of three siblings. They work as one of Dio's assassins alongside Steely Dan,

although they seem to find attempting to defeat the Stardust Crusaders to be more of a bothersome work obligation than anything worthy of their enthusiasm. At the very least, they appreciate where Dio stationed them. The coffee is phenomenal.
