Kathy Diamond

Kathy Diamond is a Certified volleyball official with 25 years of experience in the IHSA. She has been selected to officiate the State Series multiple times for both the boys' and girls' seasons including 5 State Championship matches. Kathy was honored in the 2012-13 season as the IHSA Boys Volleyball Official of the Year.

Kathy enjoys being involved in the sport of volleyball at all levels from playing in high school and college, to coaching boys' and girls' teams from 5th grade through high school. With parent and school support, she was able to start the volleyball program at St. Scholastica School in Woodridge for boys and girls in grades 5th through 8th. Kathy served as an officer of the DuPage Parochial League for 10 years which is the same league where she started her officiating career in 1998. Her experience as a player, coach and league administrator has given her a strong foundation for being an effective official.

Kathy continued her officiating career working in USA, NCAA, and IHSA volleyball. Exposure to these different volleyball environments has given her more perspective of the game and has helped her become a stronger IHSA official.

Kathy and her husband have been married for 30 years and have raised three sons in Woodridge, IL. Although her sons were all good volleyball players, their passion for running took them down a different path. Growing up and living in an area where the volleyball talent is deep, and the culture is strong has been a blessing. IHSA volleyball officiating will always be an important part of Kathy's life.
