

# Medicare for All Committee April Report

Committee leadership: Abigail G.G. and Matt S.

---

## Committee report summary:

- We held our March Committee Meeting on March 23.
- We will hold an April Meeting on April 28.
- The Committee will be voting on a resolution to affiliate with the 2020 Campaign and planning upcoming events including a Michael Lighty speaking event and a social.

## Major projects update:

### **Local Medicare for All Events**

- We will be planning a Michael Lighty speaking event in the coming weeks, where he'll give his "Nothing Less" speech.
- We've been in touch with SF DSA's Healthcare Committee co-chairs who are interested in co-sponsoring such an event.
- We hope to plan an M4A Social sometime in the coming month, too, to engage new members interested in Medicare for All.

### **National Medicare for All Campaign**

- Committee Member James D. has taken over responsibilities as the California Regional Organizer. He traveled to Inland Empire DSA this month to deliver a Medicare for All training.

### **Healthy California Campaign**

- Daniella S. continues to represent EBDSA at Healthy California meetings, which has relaunched as [Healthy California NOW](#) and is organizing around the M4A House Bill among other initiatives.

## Next steps:

- Matt S. has submitted a resolution for the Medicare for All Committee's consideration to affiliate with the 2020 Super Committee. It would affiliate the M4A Committee while continuing to build independent committee infrastructure.
- We will have breakout groups to begin planning our upcoming events at the April Open Meeting.

## Upcoming events:

- Our April Open Committee Meeting will be Sunday, April 28 from 1-3 pm at Niebyl-Proctor Marxist Library.

## Support requirements:

- No additional support is currently needed.
