## The Tiktok Past Life Readings

Goddess,

If you connected with the 2 Karmic Past Life reading videos I posted on Tiktok - the karmic path decoding for a client (shared with consent, privacy intact).....

Shared because she felt it might serve at least one woman from the Dark Chosen One Collective—if not many - the woman whose soul signed up for a lifetime of deep, unexplainable suffering as part of her evolution.

If you resonated, it means you chose this contract.

You are the Woman on the Divine Infernal Path - you agreed to a cruel, necessary soul choice: to taste powerlessness so you could embody power - you anointed others to silence you. Now you are being nudged to remember.

If you felt it in your bones, if it struck your soul's G-spot, read on.

## Option 1 — Download the Journey

€222

For deeper penetration and if you resonated with parts of it - you can download this particular full audio reading - although it is not your own, there might be snippets of karmic ruptures that will resonate with current curses / patterns.

The audio explores a client's distinct **Karmic Tail**—existential, love, and money distortions—that can drive the soul to choose exit from this realm—not to die, but as a declaration of ego death: *"I either live through the original Divine Infernal law and order of the Goddesses, or I choose not to live at all."*

It talks about **Advanced Chakra Consciousness Rituals** — clearing distortions at root, sacral, and heart. **Meridian Unknotting + Nervous System Liberation** — releasing the primal fear of being here, the sacral fear of being felt, flipping karmic life/love/money distortions. **Sensuality Resurrection EFT** — a verbal alchemy practice to call back shameless pleasure, joy, seduction, and feminine current without fear.

**The Download contains** a deep, savage Karmic Tail Client's Reading + the Unfucking Protocol — my verbal alchemy woven into EFT.

This is not healing in the conventional sense. It is more on the lines of pushing the splinter to the surface before you can yank it out.

## **Why this reading exists**

So a woman's exit from old Eden becomes totality, not exile. She no longer lives in the field of *"what should I do?"* She moves in cellular directive—slicing sensually, oiling her ankles free from ancestral chains, turning the key that has always been in her prison door lock, finally ready to use. She seals the residues of the old karmic film reel and steps out of the mundane entirely.

This was designed away from conventional trauma healing—the *"what to do with the old identity / life"* approach—into a total burn of false safety: an **elegant mastery of the material world through Divine Infernal power.**

## About the Unfucking Protocol

You will give your **nervous system** a gentle entry into a new way of operating that rises sensually from your bones—not fantasy talk. Your NS is intelligent; it has a divine, miraculous role in your DNA. Learning to speak to it is a divine duty.

The words in this protocol formulate a **fresh, blooded, oxygenated blueprint**. You will have a sensual conversation with your own miracle-generated body about what life looks like when your karmic tail is fully transmuted: sacral-first, heart-clear, body-thick. Speak to it as you would your most loving child: you are a sovereign current of power, silence, and love.

This is **easy-does-it verbal communication**. No surface-level commands, no gaslighting, no friction. These are *slippery-slide ins*—gentle penetrations that oil their way through the system instead of provoking resistance.

You will feel the difference from conventional EFT setups—this is **verbal alchemy, occult magick, authentic spellwork**, designed from the artistic alchemist inside me.

If it's a body *fuck yes*, you'll get it. If your mind says "*I need to know more*," it isn't for you. To download follow the payment link at the end of this [FORM](#)
