

## DECLARATION OF DATA USE

**Manuscript Title:**

.....  
.....

“We, the authors of the above-mentioned manuscript, declare that we are aware of and agree with the use of our personal and institutional data by the *Brazilian Journal of Agribusiness*, exclusively for editorial, scientific, and administrative purposes.”

**Purpose of data use**

We authorize the use of our data (full name, institutional affiliation, e-mail address, academic identifiers such as ORCID, and other information provided during the submission process) for the following purposes:

- Editorial processing and evaluation of the manuscript;
- Communication between the editorial team and the authors;
- Communication of updates and relevant information regarding the journal;
- Scientific marketing of the published article (when applicable);
- Public dissemination in case of publication, according to standard academic practices;
- Indexing, archiving, and scientific dissemination in national and international databases.

**Protection and confidentiality**

The personal data provided will be processed in compliance with applicable data protection laws (e.g., LGPD, GDPR) and used only for purposes related to editorial and scientific management.

**Right of rectification**

Authors have the right to request the correction or update of their data at any time, by formally communicating with the editorial office.

**Consent**

By signing this declaration, we confirm that we are aware of the processing of our data and authorize its use as described.
