

PROJECT "FAIR PLAY 4 INCLUSION"

MULTISPORT AND CALISTHENICS

On 10th of March, **ENTREJUEGOS** carried out a new activity for the project "**FAIR PLAY 4 INCLUSION**" (Erasmus+ Sport), this time in the neighboring municipality of Fuente de Piedra (Málaga).

Some volunteers from our association participated in a calisthenics activity and then played a basketball and football game together with other young people from various European countries for an Erasmus+ project.

Throughout the afternoon, the participants enjoyed a good atmosphere of "fair play", demonstrating that through sport the internalization of fundamental values such as respect and companionship is achieved, among others.

We also have worked on other project objectives such as promoting social inclusion through sport, particularly for marginalized groups, and using sport as a tool to reduce racism and xenophobia.
