SeeClickFix Journal #2

DIRECTIONS:

- Create a new edublogs post on your student website (If you never created an edublog, the directions on how to do so can be found at THIS LINK).
- The title is “SeeClickFix Journal #2”
- In the body of the email, copy + paste (**here is how**) the 5 questions you see below into the body of your blog post
- Answer the questions in the space provided
- Publish your blog post

1. In your own words describe what you think the goal of the SeeClickFix class project is? *(What do you think we are trying to do?)*

2. Describe what you needed to have in order to report a problem to SeeClickFix. *(Explain all the things you were told to get and do before you submitted an issue*)

3. Explain the steps you took - one at a time - in order to report a problem you found to SeeClickFix. *(Explain all the things you were asked to do to report your issue and get an issue ID number)*

4. Explain the information SeeClickFix provided to you in order to check in on the problem that you reported.

5. Explain why you think the Class Project will or will not make a change and help to solve a problem in this city.
