

You may be planning a more casual Valentine's Day this year. If you're celebrating at home with your squad or other half, there are many ways to dress comfy, while still making heads turn!

Some great options are jumpsuits if you want a glamorous look. Off-shoulder cotton tops are great for keeping it casual, but with a little sass. Lounge sets are a great go-to if you're doing a movie night. Or, wear your joggers with a denim jacket for an edgy, yet comfy look!

And, don't forget comfy doesn't mean dresses are out of the question --- flock to loose fitting dresses, and accessorize them with cute earrings or a cardigan to make your look pop.

Shop the looks below, and enjoy being cozy and gorgeous this Valentine's Day!
