Press Call TODAY at 1:30 PM

Representatives Gosar, Biggs, Schweikert and Lesko join House Republicans and Vote Against Protections for People with Pre-Existing Conditions. Will McSally Stand Up?

(Phoenix, Arizona) – Arizona Congressman Tom O'Halleran and two-time cancer survivor Toni Bannister will join a press call tomorrow to discuss a resolution introduced by House Democrats today that authorizes House Counsel to intervene in the [*Texas, et. al. vs. United States, et. al.*](#) lawsuit to defend the Affordable Care Act and its protections.

The resolution comes after a new [poll](#) from Public Policy Polling (PPP) for Protect Our Care found that more than half of voters oppose the recent court decision striking down the Affordable Care Act and sixty-nine percent of voters say it's a major concern to them that the court case would eliminate protections for pre-existing conditions, such as cancer, diabetes, and asthma.
