What We're Learning

What We'll Be Learning This Year

Welcome to fourth grade! This is such an awesome year. You will learn to take notes, study for tests, and be responsible for yourself. In Math, you will build on what you already know, as well as learn some new things. You will work on narrative writing, research, opinion, and persuasive writings. In reading, you will use the skills you already know to dig deeper into complex text. You will also use your social studies books to learn about N.C. In science, you will learn about everything from animals to landforms. WOW!

Classroom Management

We expect students to be respectful, responsible, and reliable. We have so much to learn this year and it is very important that everyone does his or her part. Please read the student handbook details on both our classroom and school-wide management plan.

Class Supplies

Here is the SUPPLY LIST. Please let us know if you have any problems getting the supplies. Thank you so much to everyone that sent in classroom supplies!!!! We can always use extra supplies and tissues. All donations are greatly appreciated.

Getting to Know Mrs. Greening

I am so excited to be starting my 15th year teaching and my FIRST year at Heritage. I am looking forward to a great year with you and your child. My husband Nate and I have 3 children, Ellie, Benjamin, and Isaac. My goal for our year is to establish a classroom family where your child feels loved, valued, safe, and supported. I am excited to welcome you all to the "Greening Greats"!

Important Dates

7/7 First Day of School!!!
