

The OASIS Library is in TinyCat.

Click on the image above and you can see all of our library listings: you can search by topic, title, or author.

To check your account listings, you can log in.

Families who were with us last spring would have received directions on how to log in.

New families, please email lmayhew@orcas.k12.wa for access.

But remember, you can see the library with the link above and do not need to wait to log in.

To request items from our library, please fill out the [Library Request Form](#) and send it to your teacher for approval.
