If I choose to abide by the commitments each day, I might receive a ticket from Ms. Hynds or help my class get a Husky Growl. If I choose not to abide by the rules, I understand that there will be consequences. The first time I break one of my commitments I will choose to walk at recess for five laps or have silent lunch for five minutes reflecting on what I did wrong. On the second offense, I will have to walk ten laps at recess or have ten minutes of silent lunch . On the third offense Ms. Hynds will call home, and I will also write an apology letter to the person or people involved in the situation. If I break my commitment a fourth time, I will be required to write about my behavior to Ms. T or Ms. King and possibly have to explain to them about why I broke my class commitment.

I _____(name), have read and understand all the class commitments of Ms. Hynds' classroom. I will abide by these rules everyday I come to school so that I can learn and grow to be the best person I can be!
