

Salutations from the English Department!

[Linda Leslie](#), Resource Teacher

Where to find the texts:

All the texts are available digitally and in print from local libraries, bookstores, and via audiobook. We have a limited number of copies of some of the texts available from the WWHS English department. These titles are marked with asterisks on the summer reading documents. Over the summer, you may pick up a copy of those in the main office. Please bring the text to class with you in August.
