

Alt text for "Through the Darknes..."

Picture 1

E coli bacteria: a rod shaped bacteria with little hair-like projections on the outside of it

Picture 2

Diagram showing a cross section of the pelvis with a bladder, urethra, vaginal canal, uterus, a catheter, and medication. The catheter is inserted into the urethra to reach the bladder and liquid medication is put into the bladder.

Picture 3

Meme with two Lego people. One is labeled "doctor" and the other is assumed to be the patient. The patient says, "my kidneys hurt" and the doctor says, "you're lying". Then they stare blankly at each other.

Picture 4

View of a sample under a microscope with calcium oxalate crystals; these are transparent squares with very sharp edges that resemble a razorblade.

Picture 5

Screenshot of part of a genetic test report that reads, "+

One Likely Pathogenic variant identified in ADCY10. ADCY10 is associated with autosomal dominant hypercalciuria and autosomal recessive male infertility.

RESULT: POSITIVE"

Picture 6

Bucket full of many colorful water balloons.

Picture 7

A woman smiling at the camera while wearing matching pajamas with her pitbull, who is lying beside her on the couch.

Picture 8

Diagram of the mid back and ribcage from behind that shows the kidneys right underneath the diaphragm. The spine and upper pelvis are shown as well. There's a red question mark on both sides of the sacrum.

Picture 9

Illustration showing an EKG machine hooked up to a patient. The patient is lying down and has several stickers attached to wires on his chest. The wires are connected to the machine beside him.

Picture 10

EKG reading of tachycardia where the waves are normal but just rapid.

Picture 11

Cartoon of an angry cat with its mouth wide open

Picture 12

Squirrel standing up with its arms stretched out wide to the side
