

AIPP Community Development Opportunity

Aging in Place Partnership has been exploring housing options in New Jersey and is seeking to fill a gap by designing an affordable, suburban community with an urban flair. Focused on providing artists and lovers of art with the opportunity to live and work in a collaborative arts neighborhood, AIPP intends to finalize its plan this year and needs your input.

Please share your thoughts by answering the following questions. We want input from a broad range of people and would appreciate if you would forward copies to colleagues and friends. Completed surveys should be sent to Jacque@aginginplacepartnership.org or return to **AIPP 12 Beryl Court, Kendall Park, NJ 08824.** **Deadline is August 31, 2012**
