## 1. LS2 Library Management System

### Description

Required subscription for schools that utilize the centralized library management system.

## 2. EBSCO K12 Package \* *Subject to change based on # of schools subscribing*

### Description

1. **EBSCO Discovery Service:** EDS provides a fast, streamlined search through a single search box, but within the context of a greater experience that pulls together intuitive [features and functionality](#), [high-end indexing](#) via [Inclusion of Subject Indexes](#), and instant access to critical full text, leveraged from the leading EBSCOhost research platform and databases, as well as from key information providers. And as EDS continues to evolve, the end goal remains the same—helping users to find and access the highest-quality content for the best-possible research experience.
2. **Advanced Placement Source:** Supports honors, AP & IB students to help them find information in multiple areas of study covering a wide range of subject areas. Includes over 4,500 full-text academic journals and magazines. Any student that is college bound will find this database essential to their research needs.
3. **Biography Reference Center:** A 100% full-text research database that equips users with multiple search tools for finding biographical information on notable persons. This database offers a comprehensive collection of over 460,000 full-text biographies from sources.
4. **Job & Career Accelerator:** Today's job market is tougher than ever and job seekers need the right tools to help them succeed. LearningExpress Job & Career Accelerator can help. It gives job seekers the most comprehensive collection of job and career resources anywhere—all in one place and always available online.
5. **Complete Online Package:** This package offers the most comprehensive collection of full-text reference resources available for secondary schools and covers all disciplines for the researcher and includes:
  - A thousand popular magazines
  - A thousand reference books
  - 86,000 biographies
  - Over 100,000 primary source documents
  - Hundreds of national and regional newspapers
  - Radio and television transcripts, and over one million images.
6. **Consumer Health Complete:** This database provides evidence based reports, medical reference books, health journals & magazines, drug information, images & video clips and more. CHC provides a foundation of information for any student doing research in the area of health. CHC provides content covering all

areas of health and wellness from mainstream medicine to the many perspectives of complementary, holistic and integrated medicine.

7. **Education Research Complete:** This database provides information for professional development and for educators and administrators. This massive file offers a robust collection of full-text education journals. It is a bibliographic and full-text database covering scholarly research and information relating to all areas of education. This database includes School Library Journal & Educational Leadership.
  - Full text for more than 1,360 education journals
  - Full text for more than 550 books and monographs
  - Full text for numerous education-related conference papers
8. **Read It!** (formerly named *English Language Learners Reference Center*): This multi-purpose information resource is designed for middle and high school students and anyone that is new to the English language. This database will help ELLs succeed academically and in everyday life by providing assistance as they conduct research, build their background knowledge, and develop study skills. Includes test questions to help measure comprehension.
9. **ERIC-Education Resource Information Center:** Provides access to educational literature and resources. This database provides access to information from journals included in the *Current Index of Journals in Education* and *Resources in Education Index*. Provides access to literature resources and contains over 1.4 million records and links to more than 337,000 full text ERIC documents dating back to 1966.
10. **History Reference Center:** Designed for secondary schools, the *History Reference Center* database features full text for almost 2,000 reference books, encyclopedias and non-fiction books from leading history publishers, such as Branden Publishing, Compass Point Books, Houghton Mifflin, Lerner Hawaii Publishing Group, Mason Crest Publishers, Morgan Reynolds inc., Oliver Press, Oxford University Press, Rourke Publishing LLC, Salem Press, Stackpole Books, Toucan Valley Publications, and more. *History Reference Center* also includes full text for 149 leading history periodicals, including *African Studies Quarterly*, *American's Civil War*, *American Heritage*, *American Historical Review*, *American History*, *American Indian Quarterly*, *Ancient Egypt Magazine*, *Archaeology*, *Australian Historical Studies*, *Aviation*, *British Heritage*, *Canada's History*, *Chinese Studies in History*, *Civil War Times*, *Early Medieval Europe*, *Family & Community History*, *Heritage New Zealand*, *Historical Research*, *Jewish History*, *Journal of Eastern Caribbean Studies*, *Journal of Pacific Studies*, *Military History*, *Muslim World*, *Russian Studies in History*, *Teaching History*, *Women's History Review*, and more. Content includes:
  - Nearly 57,000 historical documents
  - More than 80,000 biographies of historical figures
  - Almost 2,000 full-text reference books, encyclopedias and non-fiction books

## Access Electronic Version at <http://tiny.cc/OER1920>

- Nearly 46,000 historical photos & maps
- More than 80 hours of historical video

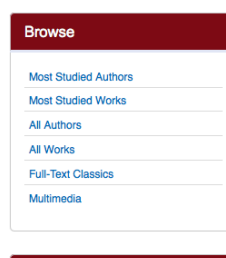

11. **Literary Reference Center Plus:** This comprehensive, full-text database provides the most relevant information on thousands of authors and their works across literary disciplines and timeframes—to give students, professors and researchers a complete foundation of literary reference works to meet any and all of their research needs. *Literary Reference Center Plus* features all of the content in *Literary Reference Center*, but includes additional valuable content, such as full-text resources focusing on plays/drama, poetry, religious literature, children's literature. This database also includes volumes of Fantasy/Science Fiction, Contemporary Literature, World Philosophy and Religious Literature and literary study guides covering American Literature, English Literature and literary genres. Content Includes:

- More than 35,700 plot summaries, synopses and work overviews
- Nearly 90,000 articles/essays of literary criticism
- More than 259,000 author biographies
- More than 700 literary journals
- More than 2,500 reference books
- More than 831,000 book reviews
- More than 122,000 classic and contemporary poems
- More than 29,000 classic and contemporary short stories
- Nearly 9,800 author interviews
- More than 8,200 classic novels

### Book Highlight

Critical Survey of Graphic Novels: Heroes & Superheroes  
by Weiner, Stephen

Critical Survey of Graphic Novels: History, Theme & Technique  
by Beatty, Bart

Critical Survey of Graphic Novels: Independents & Underground Classics  
by Weiner, Stephen

12. **Middle Search Plus:** The *Middle Search Plus* database contains full text for a variety of popular middle school magazines. All full-text articles are assigned a reading level indicator (Lexiles). Full text is also available for thousands of biographies and historical essays. *Middle Search Plus* contains primary source documents including *Essential Documents in American History*, reference books such as the *Funk & Wagnall's New World Encyclopedia*; *Encyclopedia of Animals*; and thousands of relevant photos, maps and flags. Content Includes:

- More than 165 full-text periodicals
- The Image Collection containing over 1 million relevant photos, maps and flags
- Over 102,600 full-text biographies
- Over 55,150 primary source documents
- Over 200 Reference Books & Encyclopedias
- Over 300 Newspapers both Regional and National

13. **Newspaper Source Plus:** *Newspaper Source Plus* provides nearly 1,200 full-text newspapers, providing more than 58 million full-text articles. This database contains comprehensive full text for major newspapers. Videos and podcasts are coming soon. *Newspaper Source Plus* also brings critical news content with ongoing updates throughout the day with its *News View* component. Updates throughout the day from popular sources include AP (Associated Press), Business Wire, CNN Wire, PR Wire, and UPI (United Press International). *News View* also includes more than 1.2 million TV & Radio News Transcripts from top sources including ABC News, CBC, CBS News, CNBC, CNN, CNN

## Access Electronic Version at <http://tiny.cc/OER1920>

International, FOX News, MSNBC, National Public Radio and PBS. Newspapers include *Christian Science Monitor*, *The Times (UK)*, *Toronto Star*, *USA Today*, *The Washington Post*, *The Washington Times (DC)* and others.

14. **Novelist Plus:** NoveList Plus is the premiere database of reading recommendations, available through libraries around the world. It is a comprehensive source of information about books that includes expert recommendations for both fiction and nonfiction, for all ages. This database includes reviews, articles, lists (i.e., Top Ten, Best Of, Favorite), read-alike articles by title, author and series information and more.

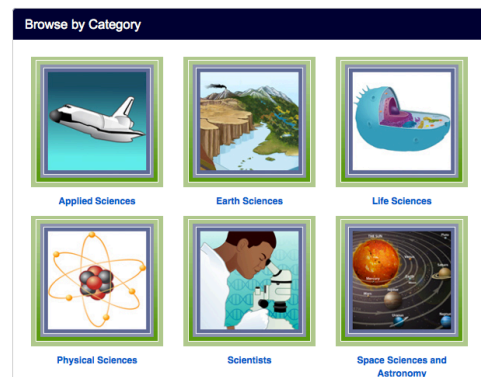

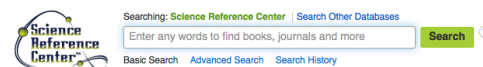

15. **Novelist K8 Plus:** NoveList K-8 Plus is a database about books specifically for younger readers. It helps kids find books that are just right for their reading level and interests. Parents, teachers, and librarians can also find tools to teach with books and engage young readers.

16. **Science Reference Center:** A comprehensive research database providing easy access to a multitude of full-text, science-oriented content. Designed to meet every student researcher's needs, *Science Reference Center* contains full text for hundreds of science encyclopedias, reference books, periodicals and other sources.

Topics covered in *Science Reference Center* include biology, chemistry, earth and space science, environmental science, health and medicine, history of science, life science, physics, science and society, science as inquiry, scientists, technology and wildlife. Content Includes:

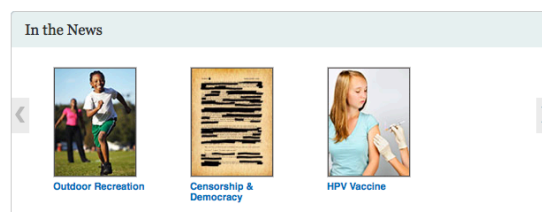

- 195 Full-Text Science Periodicals
- 718 Full-Text Science Reference Books
- 17 Full-Text Science Encyclopedias
- More than 800 Full-Text Science Essays
- Over 2,000 Full-Text, Full-Length Biographies
- 61 Science Animations
- Over 40,000 Science Images
- More than 515 Science Videos
- Over 1200 science experiments

17. **Points of View Reference Center:** A database containing resources that present multiple sides of an issue. This database contains over 340 topics, each with an overview (objective background/description), point (argument) and counterpoint (opposing argument). For each topic, this database also offers a *Guide to Critical Analysis*, which helps the reader evaluate the controversial topics. The *Guide to Critical Analysis* enhances students' ability to read critically, develop their own perspective on the issues, and write or debate an effective argument on the topic. Providing a balance of materials from all viewpoints, *Points of View Reference Center* includes over 1,370 main essays, leading political magazines from all sides of the

Points of View Reference Center

## Access Electronic Version at <http://tiny.cc/OER1920>

political spectrum, newspapers, radio & TV news transcripts, primary source documents and reference books. The database also offers guides for writing position papers, developing arguments and debating.

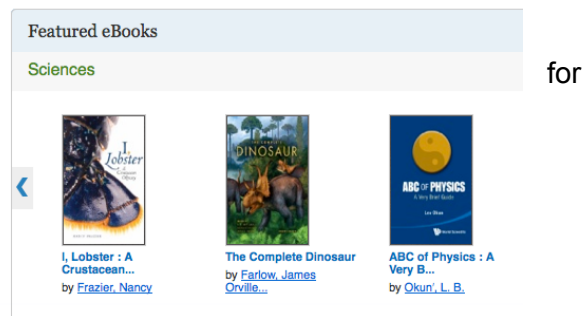

18. **Poetry & Short Story Reference Center:** This full-text database provides a historically rich collection of hundreds of thousands of classic and contemporary poems, as well as short stories, biographies, and authoritative essays on such topics as poetic forms, movements, and techniques—including contemporary content from the finest publishers.

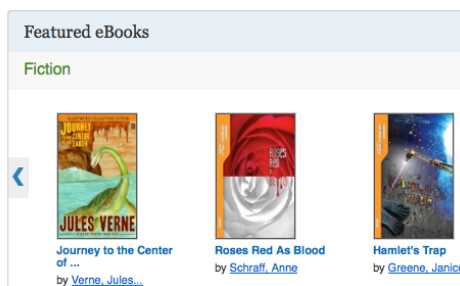

19. **Primary Search:** The *Primary Search* database is designed specifically for elementary school libraries and children. This database contains full text for more than 85 of the most popular elementary school magazines. All full-text articles are assigned a reading level indicator (Lexiles), which allows users to read along at their own pace. Also, *Primary Search* features *Funk & Wagnall's New World Encyclopedia* and *American Heritage Children's Dictionary, 3rd Edition*, providing students with easy-to-read encyclopedic entries written specifically for children. This database includes the Image Collection containing over 1.1 million relevant photos, maps and flags to aid children in learning.

20. **High School eBook Collection:** Designed specifically for high school students and educators, this collection offers an easy, cost-effective way for libraries to provide full-text eBook coverage that aligns with their school's curricula. This collection includes over 8,000 ebooks covering numerous disciplines including history, literature, technology and science. The collection also features a selection of Teacher Resources to support educators and administrators. Titles align with Common Core Curriculum Standards.

21. **K8 eBook Collection:** Contains over 7,900 titles chosen to support a quality learning experience for K-8 students across all subject areas taught in elementary and middle schools, and content aligns with Common Core Curriculum Standards. The collection also features a selection of Teacher Resources to support educators and administrators.

22. **Academic Search Premier:** A popular resource found in many academic settings worldwide, this resource was designed for the premier researcher, rich with the most valuable, comprehensive multidisciplinary content available. As a leading scholarly database, it provides access to acclaimed full-text journals, magazines, and other valuable resources.
