

Wondering what you should bring to help Camp Reddaroo?

This document contains a number of 'To Buy' items for Camp Reddaroo.

Please buy these items in bulk, or along with other Reddarooers. Some of these items we will need for 175 people for the length of the trip. Of course many of these items campers will bring their own personal supply, and might be willing to share. We are just trying to make sure we cover the necessities.

**BASICS section**

please add your name if you are willing and able to bring any of the items listed.

**REMAINING sections:**

If you would like to be responsible for buying a particular item (enough for over 100 people):

1. Cross the item off (Format -> Strikethrough)
2. Add your name

There will be a Camp Reddaroo Supply area. Group purchase items will be placed in a centralized location. We encourage all campers to place their shared items in the supply area as well.

**BASICS** - the more we have the better!
