

Arianna Cora Lashae Tilley </3

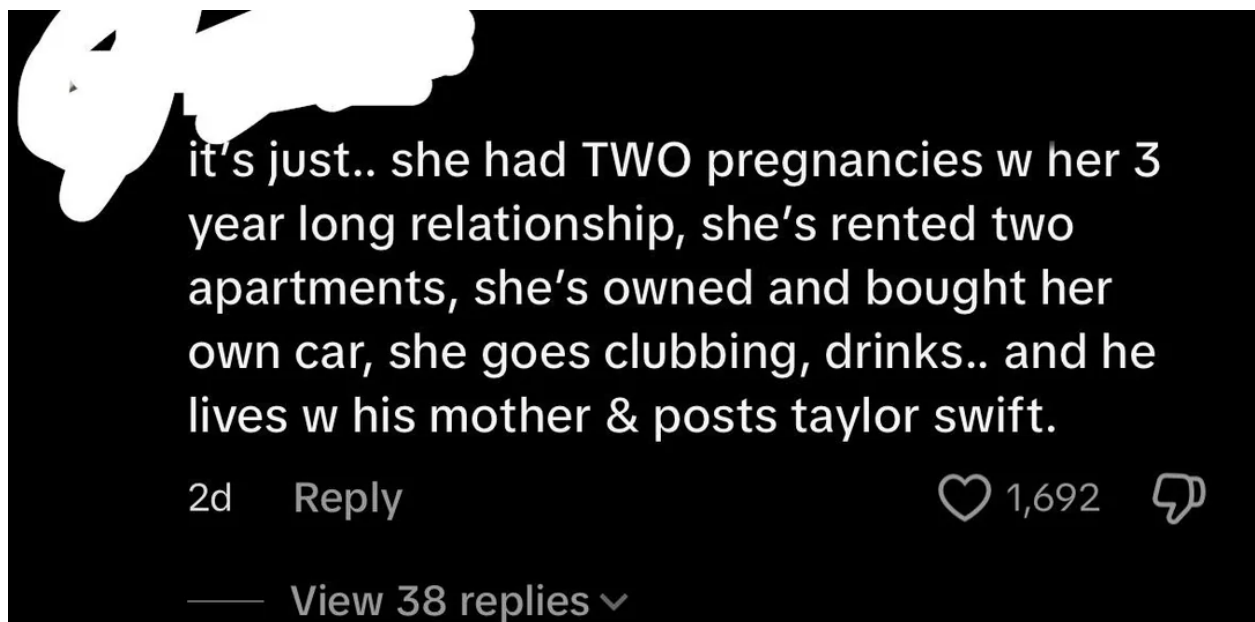

Lies she has told:

This girl is not only an ex friend, but a girl Cora and the boy asked to lie to save face. They knew their relationship was wrong. They contacted his 18 year old friend and asked her to say she was his girlfriend. She agreed and regrets this decision because of what followed. She quickly backed out because she knew it was wrong, Cora then exposed this girl to hate from her fans and threatened to sue her countless times. She said she offered them when that is untrue. Cora also refused to let her see him because she was jealous, a well known isolation tactic.

Response from the girl pictured above.

Important to keep in mind.

Proof of sexual relationship with minor:

breaking the silence. I turn 18 in less than two months. She's 20, turning 21 at the end of the year. We have a two-year age gap. It's legal. I'm out of school. I know who I am. I know what I want. And I am not being groomed.

Correlating our relationship to what Zoe did to Conner is dehumanizing, distasteful and invalidating to him and the situation he endured.

People on the internet have taken our silence as permission to invent their own story. They've thrown around heavy words with no care for the truth. But nothing about this has been unsafe, secretive, or wrong. What we have is built on trust, respect, and a level of emotional safety that neither of us had felt before. Cora did not "cross states" to do anything with me. We have our boundaries like any healthy relationship. I did not go to Florida, my states age of consent is 16.

(Cora's boyfriend) even acknowledged that if they went to her state, it would be illegal. Because her states consent laws

notariannaliley you look mighty fine today

Bed chem is a Sabrina carpenter song short for "bedroom chemistry"

The term "Bed Chem" refers to sexual chemistry with someone you're physically attracted to

Here is a TikTok posted by him 2 days after meeting Cora for the first time. This is also the same time she is first seen with hickeys in her "Raising Canes Toast" video.

A couple examples of many sexual reposts that began after meeting her minor boyfriend.

Sending ass pics to a child and racist remarks:

Cora sending 🍑 pics to a 12 year old at 16/ racist remark towards Jewish people

Hello. So I want to start off by saying UNDER NO CIRCUMSTANCES should anyone try to identify or find the person who reached out to me with this information.

And Cora when you inevitably see this, which I know you will. You better not expose this girl's identity to the public. Do not threaten her like you did with Mylee. She is currently 16 and been through it with you. Do NOT.

Alright let me start

I received a message on my page @truthofcora from a girl who was friends with Cora Tilley. Cora was 16 (more towards 17) at the time and this girl was 12.

Let me say that again TWELVE. They became friends when she was 11 years old.

She told me that Cora isolated her from friends and wanted to be uncomfortably close with her. She would argue with the girl's other friends and force her to cut her other friends off.

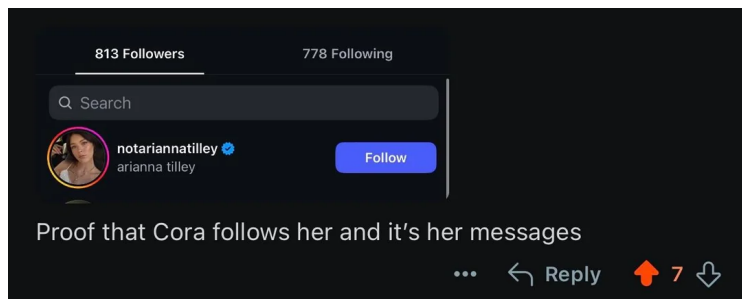

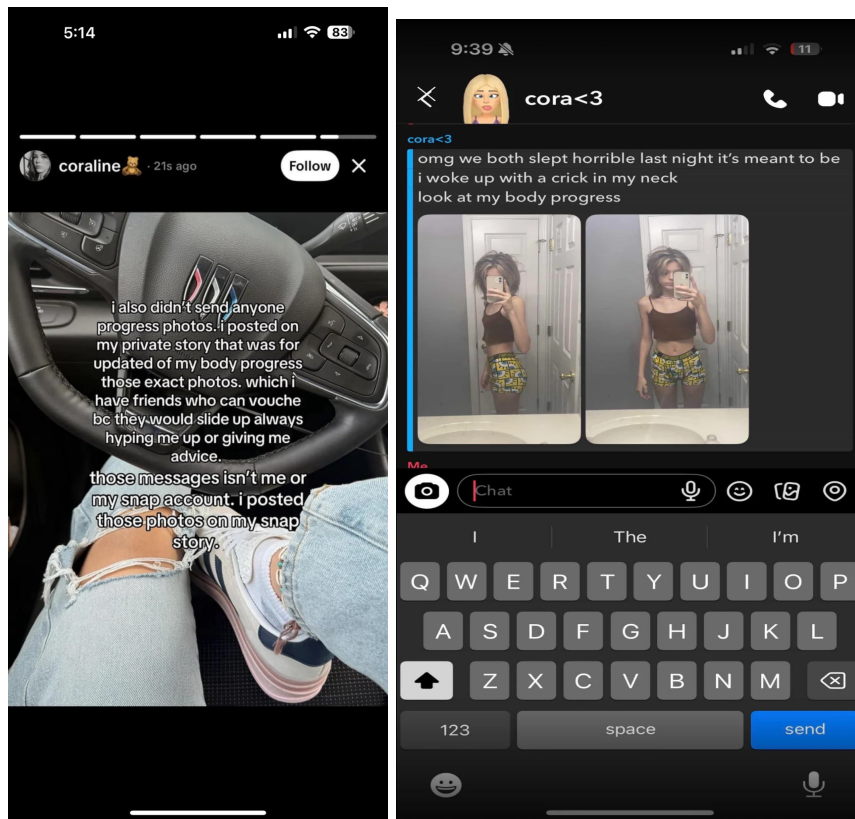

Cora continually sent the 12 year old girl pictures of her 🍑 and asked her "do you think my 🍑 is getting bigger?" As well as sent her "body progress photos"

This gradually turned into Cora only reaching out to her when she needed something from her.

Cora also sent her a Snapchat video of her face and voice saying she was going to "knock the bitch with the long ass nose in the throat" (referring to Cora's ex friend) and proceeded to call her a "Jewish ass bitch"

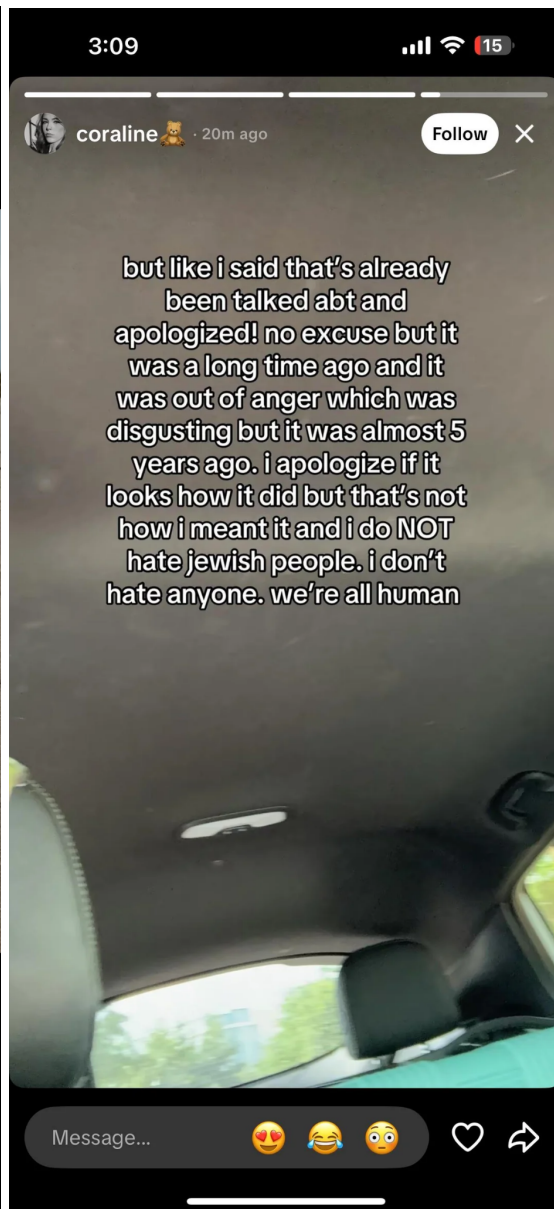

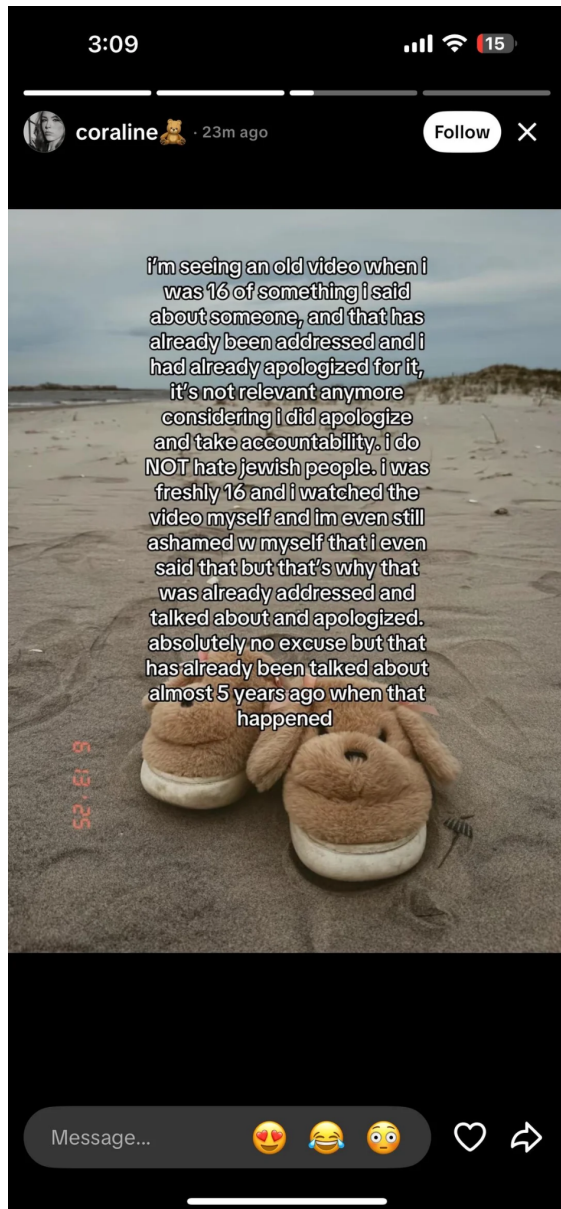

I can only provide 1 video at a time of the proof but right after this I'll be making more posts with the rest of the ss and evidence.

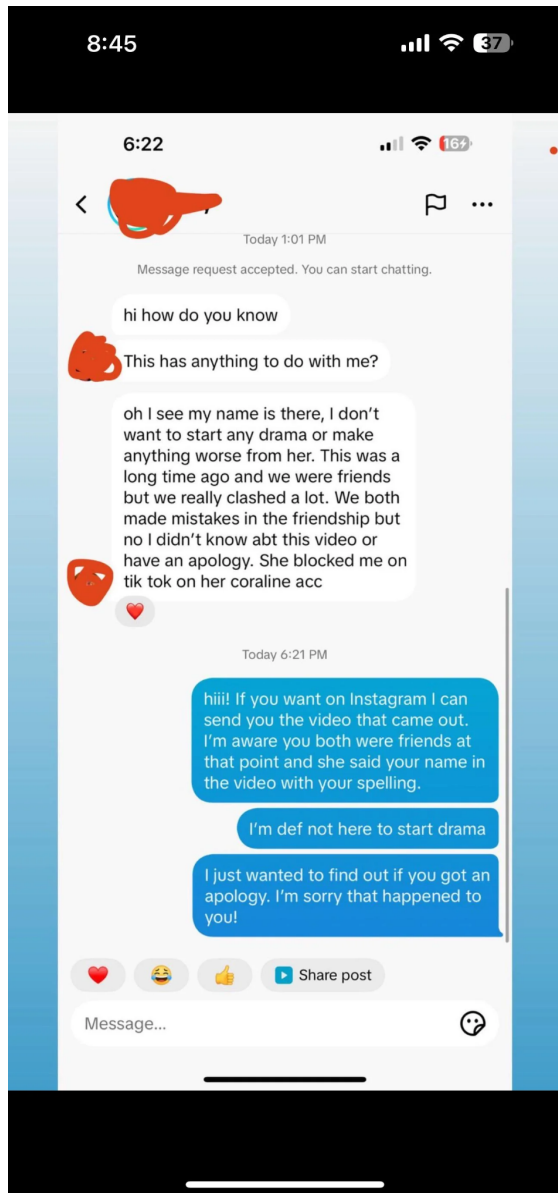

Blatant lying of her not sending them to a minor.

Cora's response for saying "out of anger" :

"I'm about to knock that bitch with the long-ass nose in the throat. What I'm gonna do, Jewish ass bitch!"

Proof she never apologized.
