- 2- My artwork is entirely my copyright.

- 3- I only work in my own style, I do not wish to re-create or copy the style of any artist or layout maker.
- 4- I can refuse the commission if I feel I will not be able to do it, because for various reasons such as (too many orders, related subject that I feel uncomfortable doing or I don't feel that I am able to plan your ideas in your order).
- 5- My commissions are for non-commercial use
- 6- Payment will be made upon confirmation of your order, as I prefer that you pay me for half of the work or if possible pay for the whole order.
- 7- once the sketch is approved and colored halfway or almost finished, if you are not satisfied with the result, you want me to restart everything again, you will have to pay the same value previously paid. Example: If I have finished the logo you confirmed the sketch and approved it, I have started to paint it. If you tell me that you don't like the result then I will ask you to give me an extra because I have to redo the whole sketch again. The price of that is gonna be the same you paid for the logo. **this is important as people have made me change the subject once I have approved the sketch of the first thing I do. please be aware of what I am doing takes my time and my clients are important too.**
- 8- if you ask for updates, I have no problem.
important point: if you ask me for updates and I have not done anything so far reconsider what I am doing commissions, I only focus on working on a single topic.
- 9- If you ask for very extra details of the commissions like adding more drawings and details to your logo or etc you ask me. Will cost depend you want base price are 3 usd.

10- Don't ask me for free commissions. Its only applicable if I do Giveaways.
