

Smart Selector Pro Privacy Policy

1. **Data Collection:** Smart Selector Pro does not collect, store, or transmit any personal data, browsing history, or information from the websites you visit.
2. **Third Parties:** We use **ExtensionPay** and **Stripe** to process payments. These services handle your billing information securely; Smart Selector Pro never sees or stores your credit card details or personal financial information.
3. **Local Storage:** All element data used to generate selectors is stored locally on your device and is cleared when the extension is restarted or the next element is selected.
