Abstract

(Arial 11 pts, bold, single space): Abstract is written in a short paragraph consists a brief yet substantial description, including of (a) background, (b) research problem(s), (c) purpose of the study, (d) method(s) and theoretical framework(s), and (e) finding(s) of the study. Abstract is written approximately 150—200 words without citation(s) or reference(s) (Arial size 11, Italic, single space)

Keywords (Arial 11 pts, bold): 3-5 words or phrases which representing the article (Arial size 11, Italic, single space)

Introduction
(Arial 12 pts, Bold)
Introduction consists of background of the study explaining the actual phenomenon that has been investigated, supported by references and previous studies that have been done individually or in a group or team. The author must also explain the existence of this research compared to those previous studies. Introduction consists of problem(s) (one problem that is becoming the focus of the study is even better), purpose of the study, research significance, and theory used to solve the problem(s). All sources that are cited or paraphrased should be all written in the references list. Introduction does not allow subchapter and the first paragraph is aligned text left, straight with chapter's title.
The paragraphs are typed in Arial size 12, single space.

Research Methods
(Arial 12 pts, Bold)
Method of the research consists of variations or research characteristics, data source, data collection technique(s), data collection procedure(s), and data analysis method. The first paragraph is written in the form of align text left, straight with the chapter's title.
The paragraphs are typed in Arial size 12, single space.

**Results and Discussion
(Arial 12 pts, Bold)**
Result of the study must answer the problem(s) and the purpose(s) of the study. The first paragraph of this chapter is typed align with the section title in Arial, size 12, single space. **Subchapters (Arial 12 pts, Capital for The First Word, Bold)**
Result of the study is written in the form of **subchapter(s),** no numbers are necessary. The title of the subchapter is written in the form of capital letter for the initial word. The first paragraph in each **subchapters** is written in align text left, straight with the title of the **subchapters**. (Arial, size 12, single space).

Sub-subchapters (Arial 12 pts, Capital for the First Word, Bold, *Italic*)
If there is another sub-subchapter inside the subchapter the format writing of the sub-subchapters is written in Capital letter for the initial letter and *italic*. The first paragraph in each sub-subchapter is written in align text left straight with sub-subchapters. (Arial 12 pts, single space).

Table, Graphic, Picture, and/or Photo
Table, graphic, picture, and/or photo (if any) must all be numbered, titled, and noted along with the text's references. Table, graphic, picture, and/or picture suited must be in sequence. Table and picture must be well-read and well-printed because the text would be published in black and white (for writers asking for printed edition). Table which is more than a page is forbidden. Additional information regarding the table uses numbers. Picture, table, graphic, and photo must be put as closest as possible to the text in which it is related. Table should only be horizontal or minimizing the use of vertical lines. Every table's column should include heading. Such as:

Table 1. Title of table
(Arial 10, Capital for the First Word, Bold)

No.	Title	Author	Year

Figure 1. Title of figure, 2023
Source:
(Arial 10, Capital for the First Word, Bold)

Reference and citation of the text uses the **APA style format (American Psychological Association)**, for example (Bareta, 2023), Bareta (2023) stated that………(pp. 30-32)

Direct citation from the texts that are more than three lines should be written in the separated paragraph with Arial 10 pts format, single space, identification left 0.8 cm, right 0 cm. The source is written like (Aldi, 2023, pp. 30).

Conclusion
(Arial 12 pts, Bold)
Conclusion must answer the problem(s) and purpose(s) of the study. Conclusion is not a summary or repetition of findings and discussion. The first paragraph is align text left straight with the title of chapter. (Arial 12 pts, single space).

Acknowledgment
(Arial 12 pts, Bold)
All acknowledgments (if any) should be included at the very end of the paper before the references. This section is the place to acknowledge peo-ple (dedications), places, and financing (you may state grants and sponsors here).

References
(Arial 12 pts, Bold)
References used should maintain 80% of primary studies, result of the research, idea, theory, or concept which is published in the electronic journal or paper publication. References must be maximum 3-5 years old, except for classic references as historical study.
References and citation use APA model or *American Psychological Association.* (Arial 12 pts, single space, paragraph is format hanging).
