

Mountain House High School
AP Summer Homework for 2018-2019 School Year

Course	Teacher	Work Assigned
AP Biology	Ms. Gary ngary@lammersvilleusd.net	Summer Work Folder
AP Calculus AB	Ms. Qutob equtob@lammersvilleusd.net	- Students have been sent an email to their school email account with information about the summer assignment. - Students have also been sent a course invitation through Canvas for the summer assignment. - Any new students can email me at equtob@lammersvilleusd.net so I can get you registered in the course to access the summer assignment.
AP Calculus BC	Ms. Lohmann alohmann@lammersvilleusd.net	Students have access to the summer coursework through Canvas - Students have been sent an email to their lammersville email to register in the AP Calculus BC Summer Course 2018-2019 - Students will receive weekly assignments via Canvas
AP Chemistry	Ms. Earle dearle@lammersvilleusd.net	Students are expected to complete Reading Notes and Chapter problems for Chapter 1-3 in the Brown and LeMay textbook (e-book). To access the textbook and assigned chapter problems, students need to email me for a e-license number. The directions for Reading Notes (in Evernote) and how to register for the online textbook and Mastering Chemistry website are described in this document. Note, I will be traveling June 19-July 3rd.

AP Computer Science A	Ms. Lewis tlewis@lammersvilleusd.net	• Your summer assignment is to complete the entire module of “Introduction to Programming in Java with Karel the Dog” in CodeHS, by the first day of school. • Students in my 2017-2018 AP CSP course have already received an invite. • If you did not receive an invite, or are a new student, You can join at the following link https://codehs.com/go/96E53. The course code is 96E53. You will need to sign up for an account using your lammersvilleusd.org email, or if you are new to the school, a personal email account. • There will be an exam on the first day of class in Canvas to assess your skills in Java.
AP Computer Science Principles	Ms. Lewis tlewis@lammersvilleusd.net	• All students must have a basic understanding of Python Programming (including loops, conditionals, lists, sorting, and functions) learned in Computer Science Essentials. If you are taking this class and your Python Skills are weak or you feel that you need a review, then you must complete the CodeHS Introduction to Computer Science using Python (Rainforest) modules (<u>about 30 hours of work</u>). This will give you everything you need to get you to where we will begin in AP CSP. To join the CodeHS course, use the following link: https://codehs.com/go/8CEAD. The code is 8CEAD. Complete

		all 9 modules prior to the first day of class (you do not need to do the “Supplemental Materials” section. You will need to sign up for an account using your lammersvilleusd.org email, or if you are new to the school, a personal email account. • There will be an exam on the first day of class in Canvas to assess your skills in Python.
AP English Language	Ms. Scoffield sscoffield@lammersvilleusd.net	1. Read this background about the short story “Once Upon a Time” by Nadine Gordimer: http://www.gradesaver.com/once-upon-a-time 2. Read the actual story here: http://www.napavalley.edu/people/LYanover/Documents/English%20123/Nadine_Gordimer_Once_Upon_a_Time.pdf 3. Read Nelson Mandela’s Nobel Prize lecture here: https://www.nobelprize.org/nobel_prizes/peace/laureates/1993/mandela-lecture_en.html 4. IMPORTANT: On the first day of school there will be an in class essay related to the above readings. This essay will be counted as a Mastery Assessment and will be 90% of your grade.
