Secretary of State Nomination

**Rockford Hills (City Hall)** – Since the resignation of Link Jordans as Secretary of State, announced in the press release on February 15, 2024, I have been actively searching for individuals to fill the role of Secretary of State. On March 2, 2024, a second press release was published regarding the nomination of Michael Andino. The recent votes against Michael Andino by the Legislative Branch led me to continue my search for someone to productively fill the role of Secretary of State.

Today I am pleased to announce my nomination of Emery Mckenna for Secretary of State. I believe that Ms. Mckenna's availability, skillset, and self-determination will greatly contribute to the Executive Branch during the remainder of my term as the Governor.

On March 4, 2024, Emery Mckenna contacted me to discuss her concerns about issues currently affecting the public from her perspective. In addition to these concerns, she came prepared with an outlined list of questions and ideas for potential solutions to benefit the citizens of San Andreas.

As I stated before, I have been looking for someone who not only understands the role they will be accepting but also has a plan that aligns with the current goals established for the Executive Branch.

In less than 24 hours after our initial meeting, Ms. Mckenna presented me with a letter of interest that included her research on the role and a well-outlined plan of action, should she be voted in by the Legislative Branch as Secretary of State.

What's more is after much discussion with Ms. Mckenna, I discovered that we have the same mindset and passion for helping the citizens of San Andreas, and I believe that with her work ethic and passion she'd serve the state well in the position. With the nomination submitted we now wait for the Legislature's vote.
